[Personnel](#) > [Maintenance](#) > [Staff Demo](#) > [Insurance](#)

This tab contains insurance information for the employee. The data includes the insurance company, the plan type, coverage information, the individuals covered by the plan, and the demographics of the covered dependents.

Since ACA is reported over a calendar year, some employees may have multiple rows if they changed insurance companies during the last enrollment period and you added insurance codes for each plan.

If this data is maintained throughout the calendar year for all applicable employees, you can use the [Personnel > Utilities > Extract Insurance Data to 1095 Data](#) page to extract insurance data from this tab to the [Personnel > Maintenance > ACA 1095 YTD Data](#) maintenance page(s). Most data will populate accurately; however, there are some records that may require manual edits.
