Personnel > Maintenance > Staff Demo > Verification

This tab displays employee demographic information in addition to hiring, contract, and salary data. (Contract and salary data is based on the current logged-on pay frequency.)

Employee data on this page is display only for verification purposes and cannot be changed. Use the applicable maintenance pages to make changes.

View demographic and employment data:

Retrieve an existing record	Begin typing the employee name or number. As you type the data, a drop-down list of corresponding data is displayed. Select an employee and click **Retrieve**. Or, click **Directory** to perform a search in the Employees Directory. **Note**: The employee autosuggest field includes employees whose records were created in Personnel but do not have a Pay Info or Job Info record. If the employee number does not exist in the system, a message is displayed prompting you to create a new employee. Click **Yes**.

Other functions and features:

Retrieve	The **Retrieve** button is also used to retrieve information from the last save. If you click **Retrieve**, any unsaved changes are lost.
Documents	View or attach supporting documentation.
