The report is used to verify employee education information that was entered on the [Personnel > Maintenance > Staff Demographic > Credentials](#) tab.

An asterisk (*) is displayed next to employees who are inactive on both pay frequencies. If an employee is active on one frequency and inactive on another frequency, no asterisk is displayed. Any employee who has an active status in any frequency only shows as active on this report. If an employee is inactive on one frequency and active on another frequency and has a different primary and/or pay campus for each frequency (depending on the parameters used), the employee is displayed on the active campus.
