Responsibility Data - HRS7400

Personnel > Utilities > Mass Delete > Responsibility Data

This utility is used to delete responsibility data for a number of employees at a single time. A responsibility record contains information about a specific job responsibility of an employee. Employees who have responsibilities at more than one campus, assume more than one role, and/or perform more than one type of service will have multiple records. Once responsibility data is altered using this page, changes are reflected in the individual responsibility records.

Note: This page also allows you to delete permit, YTD transaction, and employee data.

Mass delete responsibility data:

Field	Description
	Click \checkmark to select the primary campuses from which responsibility records are deleted.

☐ Under Select (Group, the A	II Employ	yees fie	eld is selected	d by def	fault.	If you	selec	t the	Teac	hers
only field, only ro	ole ID 029 is r	etrieved.									
		c									

☐ Click **Retrieve**. The names of the employees that have responsibility data in their records for the campuses selected are displayed. Additional responsibility data about the employee is displayed as well.

- The **Delete** checkbox is selected for each employee in the list.
- Clear the **Delete** checkbox for each employee for whom responsibility data should not be
 deleted, or leave the **Delete** checkbox selected for each employee for whom responsibility data
 should be deleted.
- Click **Select All** to select the Delete checkbox for each employee.
- Click **Unselect All** to clear the Delete checkbox for each employee.

☐ Click **Execute** to execute the process. A message is displayed indicating that you are about to delete responsibility data and confirming that you want to continue.

- Click Yes to continue. Review the report.
- Click **No** to return to the Responsibility Data page.

☐ Click **Process** to accept the changes and continue. If you click **Process**, you have the option to print parameter criteria.

- Click Yes to print the parameters selected for this update.
- Click **No** to continue.

☐ Click **Cancel** to return to the Responsibility Data page without making the changes.
