Create/Modify Contract Requisition - REQ3100	1

Create/Modify Contract Requisition - REQ3100

Purchasing > Maintenance > Create/Modify Contract Requisition

This page is used to create contract requisitions, edit existing contract requisitions, and/or filter existing requisitions with a contract by from/to date or requestor. An originator can also submit requisitions for multiple requestors. Originators can submit requisitions for multiple requestors.

You can only view the requisitions that you created. This feature ensures that a user only modifies his own requisitions.

- Requisitions created by originators with no approval path are automatically approved when saved, and a purchase order is created when the requisition is submitted.
- Requisitions created in the current accounting period that have all general journal transactions in the current accounting period are displayed in the current and the next accounting period.
- Requisitions created in the next accounting period that have all general journal transactions in the next accounting period are displayed in only the next accounting period.
- Requisitions created in the current accounting period that have general journal transactions in the next accounting period are displayed in only the next accounting period.
- Requisitions created in the current accounting period that have no general journal transactions (saved requisitions) are displayed in the current and the next accounting period.
- Requisitions created in the next accounting period that have no general journal transactions (saved requisitions) are displayed in the next accounting period only.

Note: If another user enters an account code for which the selected requestor is not authorized to use in his user profile, the account description is changed to Account Code Not In User Profile. Users can:

- Change the unauthorized account code to an account code in the requestor's user profile.
- Change the values in the Percent and Amount columns of the unauthorized account code.

Requisitions that are only saved are set to a Not Submitted status. When submitted, the requisition status is set to Pending until it is approved (if required) and becomes a purchase order.

Create or edit a contract requisition:

Add	Add a requisition.		Retrieve an existing record.	Search for a record.		
	Add - Clear All	Click to clear all data for the requisition and add a new row.		Requisition Nbr	Type the six-digit requisition number to be retrieved, if known. Leading zeros are not required. However, if alphanumeric values are entered, the field is not zero-filled.	
	Add - Clear Detail	Click to clear the item and account data only and add a new row. Other existing information is not cleared.				
Add - Clear Vendor	Click to clear the vendor information. Other existing information is not cleared.					
			OR	Click Retrieve . If the requisition number is not known, click Directory .		

Note: Requisitions cannot be created if the current date is greater than the cutoff date on the Options > Purchasing Options page in District Administration.

Field	Description
Originator	The name of the logged-on user is displayed.
Requestor	<p>Type the name of the person or organization who is requesting the item(s). As you type the data, a drop-down list of corresponding data is displayed. Select the requestor.</p> <p>Notes:</p> <p>The requisition follows the requestor's approval path that is set up on the District Administration > Workflow > Approval Path page.</p> <p>If no requestors exist for the selected user on the District Administration > User Profiles > Purchasing Requestors tab, the originator is displayed in the requestor list.</p> <p>If requestors are added to the District Administration > User Profiles > Purchasing Requestors tab, the originator is limited to only those accounts that are associated with the requestor.</p> <p>The originator is also limited to the amounts entered in the Req Max and YTD Max fields on the District Administration > User Profiles > Purchasing Permissions tab for the specified requestor. The originator's account and amounts are not affected.</p> <p>If changing the requestor, a warning is displayed indicating that this action causes all accounts assigned to the items to be deleted. The accounts that the new requestor is authorized to use are charged with the item cost.</p>
Requisition Nbr	The requisition number is populated when the requisition is saved if the Use Automatic CYR Requisition Number Assignment field is selected on the Finance > Tables > District Finance Options tab. Otherwise, you must enter a six-digit requisition number.
Date Request	Type the date of the requisition request. By default, the field is set to the current date; however, it can be changed.
Date Required	Type the date that the requisition is required. By default, the field is set to the current date; however, it can be changed.
Order For	<p>Type the shipping contact name to be displayed on the purchase order. The field can be a maximum of 30 characters.</p> <p>If blank, the data from the Requestor field is displayed on the purchase order.</p> <p>Note: Data from the Order For or Requestor field is only displayed on the purchase order if a Y is entered in the Include Requestor's Name in Shipping Address parameter on the Print Purchase Orders or Reprint Purchase Orders report parameter page.</p>
Requisition Per	The requisition period for this transaction is displayed. This field is the same as the accounting period and is set to the current or next period on the Finance > Tables > District Finance Options tab.
Shipping Addr	Type the address where the requisition is to be shipped. The shipping addresses are assigned on the District Administration > User Profiles > Purchasing Addresses tab.

Field	Description
Sort Key/Vendor Name	<p>Type a valid vendor name, if known. The Vendor Nbr field is populated with the corresponding vendor number.</p> <p>If the vendor number is not known, click  to select a vendor from the Vendors Directory.</p> <p>The Vendor Directory is populated from the vendor records established on the Finance > Maintenance > Vendor Information > Vendor Name/Address tab.</p>
Vendor Nbr	<p>Populated with the vendor number based on the value entered in the Sort Key/Vendor Name field. Or, type a valid vendor number if known. The Sort Key/Vendor Name field is populated with the corresponding vendor name.</p> <p>If the vendor number is not known, click  to select a vendor from the Vendors Directory.</p>
Reason	<p>Type the reason for submitting the requisition or edit the current reason. The field can be a maximum of 30 characters.</p> <p>This information is displayed on various reports and on the general ledger.</p>
Priority	<p>Click  to select or change the requisition priority. By default, priority is set to <i>Regular</i>, but it can be changed to <i>Urgent</i>.</p>
Reference Nbr	<p>Type the identification number for this requisition. The field can be a maximum of 15 characters.</p>
Bid Category	<p>Type the category code to be used for the requisition. As you type the data, a drop-down list of corresponding data is displayed. Select a bid category code.</p> <p>Only category codes identified as a bid category on the Finance > Tables > Vendor Categories page and assigned to the selected vendor on the Finance > Maintenance > Vendor Information > Vendor Miscellaneous tab are displayed in the drop-down list.</p>
Bid Nbr	<p>Type a bid number, edit the current bid number, or leave the field blank if the bid process was not used. This data is printed on the purchase order.</p>
Confirm Only	<p>Select if an order was sent via fax, e-mail, or the Internet, and this purchase order only confirms that the order was already received by the vendor.</p>
Attachments	<p>Select if an attachment is included with the purchase order.</p>
Credit Card Code	<p>Type the credit card code to be used for the requisition. As you type the data, a drop-down list of corresponding data is displayed. Select a credit card code.</p> <p>Only active credit card codes that are assigned to the requestor on the District Administration > Maintenance > User Profiles > Purchasing Credit Cards tab are displayed in the drop-down list.</p> <p>After a requisition is submitted, only the originator can update the credit card code. The requisition must be returned to the originator to make any changes.</p>

Field	Description
Campus/Dept	<p>Type the name of the campus submitting the requisition. This field is also used to direct the requisition to the first approver. As you type the data, a drop-down list of corresponding data is displayed. Select a campus/department.</p> <p>Notes:</p> <p>This field is only displayed if the Allow for Approval Process is selected on the District Administration > Options > Purchasing/Warehouse tab.</p> <p>The Campus/Dept field is optional when the requisition is created and is required when the requisition is submitted.</p> <p>The Campus/Dept drop-down list includes the campus/department number, campus/department name, and the first approver.</p>
Contract Type	Click  to select or change the contract type. This field is required prior to the requisition becoming a purchase order.
Contract Format Nbr	Click  to select or change the contract format number. This field is required prior to the requisition becoming a purchase order.

Contract End Date	Type the contract ending date. The field is required prior to the requisition becoming a purchase order.

In the upper grid:

Scope of Work	<p>Click to add or read the work for the contract. The entered notes are printed on the contract when the purchase order is printed. There is only one scope of work per requisition. The field is required prior to the requisition becoming a purchase order. If work exists for any line item, a paperclip icon is displayed on the Scope of Work button.</p> <p>In the scope of work window, type the notes for the contract. Click OK to save the notes and close the window. Click Cancel to close the window without saving the notes.</p>
Description	Type a short description (e.g., computer, pens, books, etc.) of the item being ordered. This field is required and can be a maximum of 30 characters.
Total	Type the total amount of the contract requisition.
Long Description	Type a detailed item description (e.g., training dates, etc.)

In the lower grid:

Account Code	Type the account code to be charged. The account code must exist in the general ledger and in the user profile (the account code must be assigned to the Requestor's user profile in District Administration.). The account code is comprised of the fund, function, object, subobject, organization, and program codes, and are the individual components that uniquely identify a specific budget category. You can add multiple accounts for each item. Press the SPACEBAR to view a list of account codes associated with the requestor's user profile. If the account code is not known, click  . The Accounts Codes lookup is displayed. <ul style="list-style-type: none"> • Type data in the individual account code component fields and click Search. • A list of account codes matching your search components is displayed. • Select the applicable account code from the list. Otherwise, click Cancel to close the Account Codes lookup. • The Description field is populated with the description of the account. Note: If an account code is added or changed, click Approve to save the account code and continue with the approval process.
Pct	Type the percent to charge the fund.
Amount	Type the amount to charge the fund.
Refresh Totals <input type="checkbox"/> Click Refresh Totals to update the totals if any amounts are changed in the grid.	
Calculate Percent <input type="checkbox"/> Click Calculate Percent to populate the Percent column based on the amount entered in the Amount column.	
Calculate Amount <input type="checkbox"/> Click Calculate Amount to populate the Amount column based on the amount entered in the Percent column.	

Click **Save**.
