Administrative Guide 1

Administrative Guide

Welcome to CareerPortal, your organization’s complete solution for managing the recruiting and hiring process.

CareerPortal provides an easy-to-use, lightweight employment system that allows you to recruit new employees, track applicants, easily manage settings, send messages, control work and interview flows, and much more.

The CareerPortal Administrative Guide provides a deep dive into CareerPortal’s key administrative features using process orientated use-cases that illustrate how to perform administrative tasks within CareerPortal so that you can Bring in the Best™. Let’s get started.

Before You Begin

- [Explore the Dashboard](#)

Dashboard

The Dashboard provides an all access view into your organization's applicant search and job posts while also providing a means to easily navigate within CareerPortal. The Dashboard is divided into four tiles (Current Posted Jobs, Applications, Applicant Watch, and Messages) and three sections (Posted Jobs Approval Queue, Interview Rating Queue, Unread Messages) that either take you to other CareerPortal pages, provide data from other CareerPortal pages, or allow you to perform administrative functions.

Basic Navigation See [Navigation and Search](#) for more information about basic navigation and search options on the page.

Current Posted Jobs, Applications, Applicant Watch, and Messages tiles

The **Current Posted Jobs**, **Applications**, **Applicant Watch**, and **Messages** tiles are located at the top of the page.

Field	Description
Current Posted Jobs	The tile displays the number of jobs that you have posted. Click VIEW MORE to go to the Posted Jobs page.
Applications	The tile displays the number of applications that have been submitted for jobs you have posted. Click VIEW MORE to go to the Search Applicants page.
Applicant Watch	Click VIEW MORE to go to the Applicant Watch page.
Messages	Click VIEW MORE to go to your Messages page to view and respond to messages.

Posted Jobs Approval Queue

The **Posted Jobs Approval Queue** allows you to view your job approval workflow. A job approval workflow is part of the job posting process where selected users approve or deny a job posting before it is made available to applicants. Job posts that need your approval are listed in a grid in this section. The actual job approval or denial is performed on the Job Detail page.

Field	Description
View	Opens the Job Detail page.
Position	Displays the position title.
Department	Displays the department title.
Status	Provides the job's approval status. Pending Approval will remain the status until all approvers have approved the posting.
Assigned	Displays the user who the job post is assigned to.
Date Created	Displays the job posting creation date and time stamp.
History	If you have approved or denied a job posting, the History button will appear next to the job under the Posted Jobs Approval Queue section. View a specific workflow history. The Posted Job Approval History window will display showing the same columns as the Posted Jobs Approval Queue with the addition of the Comments field, which is used to justify a posting's denial. Click View Job Posting to view the Job Detail page for the job. Click Cancel to close the pop-up window.
See All Records	Go to the My Queue page.

Read [Approve/Deny Workflow](#) to learn how to approve and deny job approval workflows.

Interview Rating Queue

A list of job applicants who are in various stages of the interview process is displayed in the **Interview Rating Queue** section. You can perform your interview rating using the **Interview Rating Queue** page.

Field	Description
View	Displays the Applicant Detail page.

Field	Description
Applicant	Displays the applicant's name.
Position	Provides the position that the applicant is applying for.
Department	Displays the department to which the department belongs.
Progress	Provides the applicant's progress within the application process.
Average Rating	Displays the applicant's average rating based on all who have the applicant in their interview workflow.
History	If you have rated an interview, the History button will appear next to the applicant under the Interview Rating Queue section. View a specific interview history. The Interview Rating History window will display showing the same columns as the Interview Rating Queue with the addition of the Comments field, which is used to justify a interview rating. Click View Applicant to view the Applicant Detail page for the job. Click Cancel to close the pop-up window.
See All Records	Go to the Interview Rating Queue page.

Read [Interview Rating Queue](#) to learn how to rate an applicant.

Messages

- [Update Your Profile Questions](#)

Profile Questions

The Profile Questions page allows you to answer core job application questions. Your answers will act as a template when you apply for a job so that you do not have to re-type your answers to questions common to all applications. You can change your answers at any time by editing this page or by changing your answers when you apply for a job. Required fields are marked with a red asterisk.

Notes:

- Profile questions will vary based on organizational standards. If you

update your profile questions after you have started an application, your updated information will not be reflected on the application. Update your profile questions before beginning an application.

- The percentage of the questions answered is displayed at the top of the page as well as under **Profile Status** on the [Job Dashboard](#).

Basic Navigation See [Navigation and Search](#) for more information about basic navigation and [search](#) options on the page.

Change or add profile question information

- Update your personal and professional information where needed.
- Click **Submit** to save your profile questions and return to your [My Profile](#) page.

- ++Messages|

Messages

The Messages page allows you to view your messages. Messages about job applications, the application process, and questions asked or answered are available on this page. Unread messages are displayed by default. Your messages can be sorted at any time by clicking on a column's heading. You can also view and search your messages using the Search field. Your messages are also accessible from the Messages panel on your dashboard.

Basic Navigation See [Navigation and Search](#) for more information about basic navigation and [search](#) options on the page.

View and respond to messages

Your inbox displays all of your messages including sent responses and answered questions. Your inbox opens displaying all of your unread messages by default. Using your inbox is much like using an email program.

Column	Description
View	Read all posts within a message thread. View appears in red font for messages marked read.
Position Name	Displays the position that is the thread's topic.
Original Poster	Displays the original sender's name.
Message	Displays the message.
Date & Time Stamp	Displays the message's timestamp.
Responses	Displays the number of individual messages (posts) that comprise a message thread.

Using your inbox

Use the drop-down record menu under **Inbox** to select the number of messages to display.

Field	Description
Unread	View all of your unread messages.
All	View read and unread messages. The View button on read messages are gray while unread messages have a green View button.
Muted	View muted messages.

Message Thread

Click **View** to open the message thread.

The Message Thread page is displayed. The subject of the message, timestamp, sender name, and message is displayed.

On the left, you have the following options:

Field	Description
Return	Return to the Messages page.
Reply	Reply to the message.
Mute	Click X to mark the message and all threads as muted. Muted messages are messages that you no longer wish to receive notifications on. Rather than deleting a message, CareerPortal allows you to mute it.
Read	Click X to mark the message as read. Click ✓ to mark a message as unread. Read messages can be viewed under All on the Messages page.
