Developer Tools 1

Developer Tools

The Developer Tools page comprises tiled links to developer pages.

- Database - Sync Analysis

Database — Sync Analysis

Use this page to review database synchronization issues including missing tables and columns, and altered columns.

Click Select DataSource to open the Select a client to compare pop-up window. Once you are connected to the database, select the following items for review.

Missing Tables
Displays missing tables.

Missing Columns
Displays missing columns.

Altered Columns
Displays altered columns.
