Developer Tools 1

Developer Tools

The Developer Tools page comprises tiled links to developer pages.

- [Database - Sync Analysis](#)

Database — Sync Analysis

Use this page to review database synchronization issues including missing tables and columns, and altered columns.

Click Select DataSource to open the [Select a client to compare](#) pop-up window. Once you are connected to the database, select the following items for review.

Missing Tables

Displays missing tables.

Missing Columns

Displays missing columns.

Altered Columns

Displays altered columns.
