Email Template 1

Email Template

Use the Email Template page to view and edit email templates.

In the **records** drop-down menu, select the number of records you would like to view per page.

Field	Description
Record Type	The type of record the template is.
Config Type	The unique name of the configuration type. This is created using the Developer Tools.
Template	The content of the email template.
Edit	Click **Edit** to edit the email template. The Edit Email Content page is displayed.
