Forms Management 1

Forms Management

The Form Management page allows you to add, edit, and delete forms. Forms are used as an indexing tool to categorize core questions. When a core question is created, a form is associated with it to index the core question. Core questions can then be associated with a specific job position by linking the job position to a specific form. A list of all forms is displayed in a grid on this page.

Basic Navigation See [Navigation and Search](#) for more information about basic navigation and [search](#) options on the page.

Return to Admin Tools You can return to the [Admin Tools](#) page at any time by clicking **Admin Tools**.

Records Click **Records** to select the number of records to display.

Add or edit forms

Forms are added using the **Add New Form** window.
