Applicant Detail

The Applicant Detail page provides information about an applicant, which varies based on where they are in the hiring process. You may see Hire Applicant, Request References, Rate an Applicant (from having had an interview) or Interview History.

There are three ways you can get to the Applicant Detail page:

- Click **View** under **Interview Rating Queue** on your dashboard.
- Click **History** under **Interview Rating Queue** on your dashboard. The Interview Rating window will display. Click **View Applicant**.
- Click **Search Applicants** on the sidebar to go to the Search Applicants page. Locate the applicant that you are rating, and click **View**.

Field	Description
Print Details	Print the applicant's Applicant Detail page information.
Hire Applicant	This button appears when an applicant has completed the interview process. If you click the button, the applicant will be marked as a hire in the database.
Request References	Send the applicant's references the email message generated by the ReferenceRequestText configuration setting.
