Table of Contents

Site Traffic Report 1

Site Traffic Report

The report displays the number of page views that result from usage of the site. Individual pages are not displayed, rather total usage is displayed. The data is presented in a table as well as graphically.

Basic Navigation See Navigation and Search for more information about basic navigation and search options on the page.

Return to Admin Tools You can return to the Admin Tools page at any time by clicking **Admin Tools**.

Records Click **Records** to select the number of records to display.

Table

Field	Description
Client Name	
Page Views 1min	The number of page views in the last minute.
Page Views 5min	The number of page views in the last five minutes.
Page Views 60min	The number of page views in the last hour.
Page Views 24hr	The number of page views in the last 24 hours.
Page Views 1wk	The number of page views in the last week.
Page Views Older	The number of page views in the last minute.
Page Views Total	The number of total page views.

Graph

The graph displays the total amount of data up to 30 days. Use the top graph to zoom in to daily or hourly data. Use the bottom graph to zoom in or out. Simply click and hold the left mouse button on the place you want to begin or end your focus and drag left or right to a starting or ending time/date.
