Core Collection: Class Roster Fall/Winter Submission

The State Reporting application provides programs to extract the appropriate data for each collection from the Business and Student systems. These programs are reviewed and modified annually, per the published Texas Education Data Standards (TWEDS), to ensure that the data extracted to the district database is as accurate as possible. The extracts provide many of the edits as defined in the TWEDS.

The midyear submission (Collection 2) is a report of actual financial data for the prior school year.

For a complete list of extract rules and edits for 2023-2024, see https://tealprod.tea.state.tx.us/TWEDS/103/545/903/0/Rules/BusinessContext/All

The Mid Year submission is due January xx, 2025.

Prerequisites

Prerequisites:

- Verify that all roles and users are correct in ASCENDER Security Administration.
- All staff responsible for extracting data must coordinate activities with each other. This is especially important when deleting data from the frozen file, extracting data, and manually entering data.
