Crosswalks are used to calculate and assign the MONTHLY-MINUTES (E1057) for staff responsibilities in the four weeks preceding the PEIMS Fall snapshot date (the last Friday in October). They are essential for ensuring minutes are reported accurately and consistently across the district.

**Logic for Monthly Minutes Assignment**

The system determines the Monthly Minutes (E1057) for a course section using the following hierarchy:

1. **Time Fields First:** The system first looks at the **Begin Time** and **End Time** fields for the specific course section. If these fields are populated, the minutes are calculated from this time range.
2. **043 Crosswalk:** If the **Begin Time** and **End Time** fields are blank, the system then checks if the CourseCode (Service ID) is set up on the **043 Crosswalk** (Responsibilities - From Campus/Service ID to Minutes).
3. **042 Crosswalk:** If the **CourseCode** (Service ID) is not set up on the 043 Crosswalk, the system looks at the **042 Crosswalk** (Responsibilities - From Campus/Period to Minutes).

**Grade Reporting > Maintenance > Tables > TSDS Crosswalks**

**NOTE:** minutes for any holidays should be included.

Crosswalk Type	Purpose and Usage
042 - Responsibilities - From Campus/Period to Minutes	For campuses with a set bell schedule, use Crosswalk <b>042 Responsibilities - From Campus/Period to Minutes</b> to assign MonthlyMinutes (E1057) based on the period. Only enter the <b>Time Begin</b> and <b>Time End</b> fields for the few, specific course sections that do not follow the standard bell schedule.
043 - Responsibilities - From Campus/Service ID to Minutes	For course sections where daily subject minutes may fluctuate, such as elementary teachers whose subject times vary, use Crosswalk <b>043 (Responsibilities - From Campus/Service ID to Minutes)</b> to assign MonthlyMinutes (E1057) based on the CourseCode (formerly known as SERVICE-ID).
044 - PE Responsibilities - Campus/Crs/Sec	Use Crosswalk <b>044 (PE Responsibilities - Campus/Crs/Sec)</b> to enter the number of days and minutes in which the PE teacher provides physical education instruction each week at the campus for the four weeks in October that include the last Friday in October. This is required for all teachers of record for course-sections associated with specific physical education (PE) CourseCodes.

These fields are not reported for employees with PE substitution responsibilities (i.e., employees with service IDs PES00000-PES00015).

Records are created for non-campus-based PE courses (i.e., Non Campus Based is greater than 00 in the campus master schedule) if the course is taught during semester 1 and at least one student is enrolled in the class.

This crosswalk is not used for Business-only districts whose responsibility records come from Human Resources, or if PE service IDs are not used for PE courses, or if your PE service ID courses do not have students. All other districts should use this crosswalk.

## Update Data:

**Crosswalk Type** Select the [crosswalk table](#) for which you want to convert data.

- The selected crosswalk table is displayed. [The list can be re-sorted.](#)

You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

A white triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending or descending order.

**Crosswalk Type:****044 PE Responsibilities - Campus/Crs/Sec****Create or update the crosswalk:**

In the **Crosswalk Table** field, select *044-PE Responsibilities - Campus/Crs/Sec*.

The first time you access the page, there will be rows from the previous year displayed. Click **Delete** then click **Create** to add current year courses.

A list of course-sections associated with physical education (PE) service IDs is listed. This list is predefined and cannot be changed.

The **From** column lists course-sections in the campus-course-section format, where:

- The first three digits are the campus ID.
- The next digits are the course number, which may contain between four and eight digits.
- The last two digits are the section number.
- The course-sections are for semester 1.

For the Teacher of Record for each course-section listed, enter the following information for the four weeks in October that include the last Friday in October:

- In the **Day Week 1-4** fields, type the number of days in which the employee provides physical education instruction each week at the campus. Valid entries are one digit between 0-5.
- In the **Mins Week 1-4** fields, type the number of minutes the employee provides physical education instruction each week at the campus. Valid entries are up to four digits between 0-3000.

These fields are automatically populated according to the **Days** code entered on **Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section** for each course-section meeting time. The program calculates the minutes in the days from the section **Time Begin/End** and sums for each meeting time the days per week for that meeting time, then multiplies the minutes per day for that meeting time to calculate the minutes for each week.

Click **Save**.

Click **Print** to print the data displayed.

If new PE responsibilities records are found the next time you access the page, the **Create** button will be replaced with the **Refresh** button. Click **Refresh** to add new records to the grid.

**NOTE:** You cannot delete data row by row. You must click **Delete** to delete all rows on the page. Then, click **Create** to populate the page with PE course-sections. Then, you can re-enter all data.

**WARNING:** If you click **Delete**, all rows are deleted.
