The midyear submission (Collection 2) is a report of actual financial data for the prior school year. As the year progresses, this document may be updated to include additional fields of data.

For a complete list of submission rules and edits, see

<https://tealprod.tea.state.tx.us/TWEDSAPI/23/398/403/DataComponents/Entity/List>

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

Prerequisites

Review the following and take action as needed:

- ☐ Ensure applicable employees have the correct roles and permissions in ASCENDER Security Administration to access pages needed for TSDS reporting.
- ☐ Review [TSDS Best Practices for New Employee Records](#).
- ☐ Review [TSDS Best Practices for Terminated Employee Records](#).
- ☐ Create responsibility records in Personnel for staff whose **Staff Service** begins with "S." Review the [Responsibilities - Quick Reference Chart](#).

* The underlined text indicates the domain's submission level as it appears on the District Administration > Options > TSDS > Domains & Entities page.

I. Education Organization Domain

First Level Submission

The Education Organization domain includes information about public, charter, education service center, organization, or agency.

Information from AskTED is imported into the Operational Data Store (ODS). As you send data, TEA matches the School ID (county district number) to existing district and campus information to ensure that the reported data is credited to the correct Local Education Agency (LEA).

1. [Verify district information for current/prior school year.](#)

Verify district information for current/prior school year

[District Administration > Tables > District Information > District Name/Address](#)

☐ In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**.

☐ Verify the **ESC Region Number** and **ESC County District Number** are accurate. The **ESC County District Number** is the six-digit ESC county district number assigned by Texas Education Agency (TEA).

[ESC County District Numbers](#)

☐ Click **Save** for each year; each year is a separate record.

2. [Verify campus information/exclude non-instructional campuses from reporting.](#)

Verify campus information/exclude non-instructional campuses from reporting

[District Administration](#) > [Tables](#) > [District Information](#) > [Campus Name/Address](#)

Ensure the **Exclude from reporting to TEA** checkbox is selected for all non-instructional campuses/departments to exclude them from being reported to TEA.

The screenshot shows the 'District Administration' interface with the 'Tables > District Information' breadcrumb. The 'Year' field is set to 2026. The 'Campus' dropdown is set to '999 - 999 School'. The 'Exclude from reporting to TEA' checkbox is checked.

- ☐ In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**. The **Year** is automatically updated when the Fiscal Year Close process is completed in Finance.
- ☐ Retrieve each campus record and confirm that the address and phone numbers are accurate.
- ☐ Review the following guidelines as consideration for selecting the **Exclude from reporting to TEA** checkbox:
 - Instructional campuses listed in [AskTed](#) (001, 041, 101, etc.) should **not** have the **Exclude from reporting to TEA** checkbox selected.
 - Non-instructional campuses (701, 750, 999, and other campuses or departments needed for purchasing) should have **Exclude from reporting to TEA** selected.
 - **Education Service Centers (ESCs)**: Exclude all campuses from TEA reporting.
 - **Business-only LEAs**: Exclude all campuses from TEA reporting.
- ☐ Click **Save** for each campus; each campus is a separate record.

3. [Verify Shared Services Arrangements, as needed.](#)

Verify Shared Services Arrangements, as needed

[District Administration](#) > [Tables](#) > [District Information](#) > [Shared Services Arrangement](#)

The screenshot shows the 'District Administration' interface. At the top, there's a green header with 'Tables > District Information' and 'District Administration'. Below this, there's a 'Year' field set to '2026', with 'Retrieve' and 'Save' buttons. A navigation bar includes tabs for 'DISTRICT NAME / ADDRESS', 'CAMPUS NAME / ADDRESS', 'PAYROLL FREQUENCIES', 'REPORTING CONTACT', 'SHARED SERVICES ARRANGEMENT' (which is selected), 'FUND BALANCES', 'FALL FINANCE TSDS DATA', and 'PRIOR SHARED SERVICES ARRANGEMENT'. Under the 'SHARED SERVICES ARRANGEMENT' tab, there's a section titled 'Shared Services Arrangements' containing a table with columns 'Delete', 'Shared Services Type', and 'Fiscal Agent District ID'. The table has one row with values '02' and '001-904'. An 'Add' button is at the bottom right of the table.

☐ In the **Year** field, type the four-digit reporting year for which you want to add or retrieve data and click **Retrieve**. For example, the reporting year for the 2025-2026 school year is 2026.

☐ Under **Shared Services Arrangements**, enter all Shared Services Arrangements for which the LEA is a member or the fiscal agent. Indicate the **Shared Services Type** and **Fiscal Agent District ID**.

Note: Since each year is entered on this tab, there are not separate tabs for the current and prior years as in previous years.

☐ Click **Save**.

II. Finance Domain

Third Level Submission

The Finance domain includes financial information captured in accounts (both actuals and budgeted).

1. [Add crosswalks](#).

Add crosswalks

[Finance > Tables > TSDS Crosswalks](#)

Map financial data from the LEA's set of accounts to TEA's Chart of Accounts for both the current and previous file IDs.

- Verify the TSDS crosswalks are correct.
- Verify that there are not crosswalks for the automatic crosswalks processed by

ASCENDER.

- Review the **Automatic Crosswalks** section on the [Finance TSDS Crosswalk Tables](#) page.

- If a crosswalk is created on this page, it will be used and applied throughout the TSDS reporting process.
- Automatic crosswalks are applied **AFTER** crosswalks created on this page are applied.
- If you choose to use crosswalks, note that no updates are made to the Finance application. Any updates must be made manually in the Finance application.

As an example, a one-campus LEA that budgets and books expenditure records to campuses 101 and 001 should establish a crosswalk to move expenditures from Organization code 101 to Organization code 001.

TIP: When performing a crosswalk, note that it transfers all items from the old to the new. For example, if using *040 Budget - From Org to Org* and you move Org 101 to Org 001, all line items from Organization code 101 will be moved to Organization code 001, not just a specific line item.

- Report 5XXX-8XXX
- 61XX are collapsed into 6100, 62XX into 6200, 63XX into 6300, etc.
- Organization
- Fiscal Year
- Program Intent
- Amount
- Begin & End Date (time/date stamp assigned at the time of data entry; not the transaction date)

[District Administration > Tables > District Information > Fall Finance TSDS Data](#)

This tab is used to retrieve and edit Fall TSDS financial data, allowing for corrections to Budget and Payroll data in the TSDS staging tables. The staging area temporarily holds data before it is submitted to the Texas Education Agency (TEA) (i.e., promoted to the Operational Data Store (ODS)).

The data on this tab is obtained from the latest Fall extracts after period 10 is closed, incorporating all TSDS crosswalks, automatic crosswalks, and data summaries. Accounts are summarized by fund, function, object class (6100), organization, and program intent code. For instance, 199-11-6119.00-001-511000 will display as 199 11 6100 001 11. Users should cross-reference balances with the Finance application and may need to combine amounts to ensure accurate budget reporting.

Notes:

- Data cannot be duplicated. Duplicated data will receive an error upon submission.
- Enter data carefully on this tab. Incorrect or improperly formatted data may cause errors upon submission.

TSDS Extract Notes:

The budget and payroll data extracts are run nightly along with the other TSDS extracts until accounting period 10 (October) is closed in Finance.

- After period 10 (October) closes, the budget and payroll data extracts are paused for the current school year.
- After period 10 (October) closes and the nightly extract is run, the Fall Finance TSDS Data tab in District Administration is enabled allowing users to begin making corrections to budget and payroll data.

Notes:

Budget Data with an ODS ID

- To delete a previously submitted record, set its amount to zero and insert a new record with the correct data. This will mark the record for deletion and resubmission.
- Account codes (rows) are validated to prevent duplicate records.

Change	Original Record	New Record
Account Code or Begin Date	Status = <i>R - Resubmit</i> , Action = <i>D - Delete</i>	Status = <i>N - New</i> , Action = <i>I - Insert</i>
Amount or End Date	Status = <i>R - Resubmit</i> , Action = <i>U - Update</i>	
Amount = 0 (zero)	Status = <i>R - Resubmit</i> , Action = <i>D - Delete</i>	

Records without an ODS ID

- Changes will not affect the **Status** or **Action** (**Status** = *N - New*, **Action** = *I - Insert*).
