TSDS PEIMS Mid-Year Submission Data for Business

Created: 10/1/2024

Reviewed: In Progress

Revised: In Progress

This document outlines key Business data that is submitted during the Public Education Information Management System (PEIMS) Mid-Year Submission and used by the Texas Education Agency (TEA). The midyear submission (Collection 2) is a report of actual financial data for the prior school year. As the year progresses, this document may be updated to include additional fields of data.

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website: <https://tealprod.tea.state.tx.us/TWEDSAPI/31/0/0/Overview?IntroductionId=993>. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (PEIMS), and **Submission** (Fall) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections**, **Timelines (DUE DATES)**, and **Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components**, **Descriptor Tables**, **References**, **Rules**, **Change Logs**, and **Early Notices**.

Prerequisites

Review the following and take action as needed:

- Ensure applicable employees have the correct roles and permissions in ASCENDER Security Administration to access pages needed for TSDS reporting.

* The underlined text indicates the domain's submission level as it appears on the District Administration > Options > TSDS > Domains & Entities page.

I. Education Organization Domain

First Level Submission

The Education Organization domain includes information about public, charter, education service center, organization, or agency.

Information from AskTED is imported into the Operational Data Store (ODS). As you send data, TEA matches the School ID (county district number) to existing district and campus information to ensure that the reported data is credited to the correct Local Education Agency (LEA).

1. [Verify district information for current/prior school year.](#)

Verify district information for current/prior school year

[District Administration](#) > [Tables](#) > [District Information](#) > [District Name/Address](#)

The screenshot shows the 'District Name/Address' form in the District Administration system. The form is titled 'Tables > District Information' and 'District Administration'. It includes a 'Year' dropdown menu set to '2026', and 'Retrieve' and 'Save' buttons. The form fields are as follows:

- District Name:** TEXAS ISD
- District County Name:** TEXAS Cnty
- District Type:** C - Charter
- District Website:** www.esc20.net
- District E-mail:** info@esc20.net
- ESC Region Number:** 10
- ESC County District Number:** 057-950
- Street Nbr:** 13328
- Street Name:** Lone Star Drive
- City:** Alamo City
- State:** TX - Texas
- Zip:** 28178
- Phone:** (555) 586-0687
- Fax:** (555) 510-8413

In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**.

Verify the **ESC Region Number** and **ESC County District Number** are accurate. The **ESC County District Number** is the six-digit ESC county district number assigned by Texas Education Agency (TEA).

[ESC County District Numbers](#)

Click **Save** for each year; each year is a separate record.

2. [Verify campus information/exclude non-instructional campuses from reporting.](#)

Verify campus information/exclude non-instructional campuses from reporting

[District Administration > Tables > District Information > Campus Name/Address](#)

Ensure the **Exclude from reporting to TEA** checkbox is selected for all non-instructional campuses/departments to exclude them from being reported to TEA.

The screenshot shows the 'Campus Name/Address' form within the 'District Information' section. At the top, there is a 'Year' field set to '2026' and buttons for 'Retrieve' and 'Save'. Below this is a navigation bar with tabs for 'DISTRICT NAME / ADDRESS', 'CAMPUS NAME / ADDRESS' (which is active), 'PAYROLL FREQUENCIES', 'REPORTING CONTACT', 'SHARED SERVICES ARRANGEMENT', and 'FUND BALANCES'. A 'Campus' dropdown menu is set to '999 - 999 School', with buttons for 'Retrieve', 'Add', 'Delete', and 'Print'. The form fields are as follows: Campus ID: 999; Campus Name: 999 School; Street Nbr: 1407; Street Name: 999 Street; City: Alamo City; State: TX - Texas; Zip: 95095. At the bottom, the 'Exclude from reporting to TEA' checkbox is checked.

In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**. The **Year** is automatically updated when the Fiscal Year Close process is completed in Finance.

Retrieve each campus record and confirm that the address and phone numbers are accurate.

Review the following guidelines as consideration for selecting the **Exclude from reporting to TEA** checkbox:

- Instructional campuses listed in [AskTed](#) (001, 041, 101, etc.) should **not** have the **Exclude from reporting to TEA** checkbox selected.
- Non-instructional campuses (701, 750, 999, and other campuses or departments needed for purchasing) should have **Exclude from reporting to TEA** selected.

- **Education Service Centers (ESCs):** Exclude all campuses from TEA reporting.
- **Business-only LEAs:** Exclude all campuses from TEA reporting.

Click **Save** for each campus; each campus is a separate record.

3. [Verify Shared Services Arrangements, as needed.](#)

Enter and verify prior Shared Services Arrangements, as needed

[District Administration](#) > [Tables](#) > [District Information](#) > [Prior Shared Services Arrangement](#)

(Fiscal Agents) SSA fiscal agents will also enter SSA actual expenditures for the prior fiscal year on this tab. These amounts should represent the amount spent on behalf of each member district, not the amount transferred by the member LEA. This data is reported during the PEIMS Mid-Year Submission. For additional guidance, review the PriorYearSSAOrgAssociationExt Entity in the C049A table on the TWEDS website.

In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**. For example, the reporting year for the 2025-2026 school year is 2026.

Under **Prior Shared Services Arrangements** (left side of page), enter all Shared Services Arrangements for which the LEA is a member or fiscal agent.

- **Shared Services Type** (E0776) (Descriptor C049) is the type of program or service provided by an SSA.
- **Fiscal Agent District ID** (E0777) is the county-district number of the SSA fiscal agent registered with the TEA.
- If the LEA is the Fiscal Agent of the SSA, click the spyglass for that SSA record.

Under **Shared Services Arrangement Member Amounts** (right side of page), click **+Add** to add a row. Complete the following fields:

- **SSA Member District ID** (E0981) – indicates the county district number (CCCCDD) of the school district (as registered with the TEA), which is a member district in the shared services arrangement.
- **SSA Fund** (E0316S) (Descriptor: C145S) – identifies the fund group and specific fund (when applicable) for the shared service arrangement actual financial data.
- **Fiscal Year** (E0974) – Type the one-digit fiscal year for the SSA record. This is the last fiscal year's SSA data. For example, for reporting year 2026 (school year 2025-2026), use SSA data from the 2024-2025 financial fiscal year 5.
- **Actual Amount** (E0774)- This is the amount spent on the members' behalf.

Click **Save**.

4. [\(Fiscal Agents Only\) Enter Shared Services Arrangement expenditures](#)

(Fiscal Agents Only) Enter Prior Shared Services Arrangement Expenditures

[District Administration](#) > [Tables](#) > [District Information](#) > [Prior Shared Services Arrangement](#)

SSA fiscal agents will enter SSA actual expenditures for the prior fiscal year. These amounts should represent the amount spent on behalf of each member district, not the amount transferred by the member LEA. This data is reported during the PEIMS Mid-Year Submission. For additional guidance, review the PriorYearSSAOrgAssociationExt Entity in the C049A table on the TWEDS website.

- In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**. For example, the reporting year for the 2025-2026 school year is 2026.
- On the left side, click the spyglass for the appropriate SSA.
- Under **Prior Services Arrangement Member Amounts** (right side of page), click **+Add** to add a row. Complete the following fields:
 - SSA Member District ID (E0981) – indicates the county district number (CCDDDD) of the school district (as registered with the TEA), which is a member district in the shared services arrangement.
 - SSA Fund (E0316S) (Descriptor: C145S) – identifies the fund group and specific fund (when applicable) for eh shared service arrangement actual financial data.
 - Fiscal Year (E0974) – Type the one-digit fiscal year for the SSA record. This is the last fiscal year's SSA data. For example, for reporting year 2026 (school year 2025-2026), use SSA data from the 2024-2025 financial fiscal year 5.
 - Actual Amount (E0774)- This is the amount spent on the members' behalf.

II. Finance Domain

Third Level Submission

The Finance domain includes financial information captured in accounts (both actuals and budgeted).

1. [Add fund balance data.](#)

Add fund balance data

[District Administration](#) > [Tables](#) > [District Information](#) > [Fund Balances](#)

This tab is used to enter prior year ending fund balances (3XXX) as reflected on schedule C-1

of the audit. The purpose of these entries is to collect actual audited financial data for the prior school year as it is reported in the PEIMS Mid-Year Submission.

This data is included in the PriorYearActualExt Entity and represents the sum of the financial transactions to date relating to a specific account.

If the fund balance reported on the Annual Financial & Compliance Report (AFR) is a positive amount, it should be entered as a negative amount in ASCENDER.

Year Verify that the correct year is displayed. If not, type the correct four-digit year for which you want to add or retrieve data and click **Retrieve**.

TIP: Keep in mind that you are reporting prior year actual amounts. This means the year you enter should be one year ahead of the fiscal year associated with the fund entries. For example, if reporting on the 2024-2025 year, use data from the 2023-2024 year, entering 2025 in the **Year** field and 4 in the **FY** field for the fund entries.

Use the Exhibit C-1 Balance Sheet from the annual audit report to enter fund balances. The fund balances must match the audit report.

2. [Add crosswalks.](#)

Add crosswalks

[Finance > Tables > TSDS Crosswalks](#)

Map financial data from the LEA's set of accounts to TEA's Chart of Accounts for both the current and previous file IDs.

- Verify the TSDS crosswalks are correct.
- Verify that there are not crosswalks for the automatic crosswalks processed by ASCENDER.
- Review the [Actual Extract Automatic Crosswalks](#) page.

- If a crosswalk is created on this page, it will be used and applied throughout the TSDS reporting process.
- Automatic crosswalks are applied **AFTER** crosswalks created on this page are applied.
- If you choose to use crosswalks, note that no updates are made to the Finance application. Any updates must be made manually in the Finance application.

For example:

For LEA's changing from a September start fiscal year to July and this is the initial report of the change, select *SYR Actual - Short Year Fund/Yr* in the **Crosswalk Type** field, enter all funds in **both** the current and prior file IDs, and click **Save**.

III. Send Data to the DMC/IODS

[District Administration](#) > [Options](#) > [TSDS](#) > [Domains & Entities](#)

Scheduled extracts run every weekday (Monday-Friday) at 6:00 PM to automatically extract and send data to TEA. However, users can initiate data transmission to TEA on demand by clicking the **Extract & Send** button if they want to upload data sooner.

Note: If a manual data transmission is already in progress, the scheduled extract **will** not run.

The screenshot shows the TSDS District Administration interface. At the top, there is a navigation bar with 'Options > TSDS' and 'District Administration'. Below this, there are buttons for 'Retrieve', 'Save', and 'Extract & Send'. A black arrow points to the 'Extract & Send' button. Below the buttons, there are tabs for 'OPTIONS', 'CONNECTION', and 'DOMAINS & ENTITIES'. The 'DOMAINS & ENTITIES' tab is active, showing a 'Send Status' modal window. The modal window contains a table with columns 'Domain', 'Entity', 'Total Nbr Records', and 'Success'. The table lists various domains and entities with their respective record counts and success rates. A black arrow points to the 'Send Status' button in the modal window. Below the modal window, there are sections for 'First Level Submission' and 'Third Level Submission', each containing a list of domains and descriptors with checkboxes.

❑ Click **Extract & Send** and wait until the process is complete. If the **Extract & Send** button is disabled, the process is still progress.

❑ Click **Send Status** to review a record count. If the records were not 100% successful, review the level 1 errors to determine which records need to be resolved.

Note: Only SSA fiscal agents will have the SharedServiceArrangementExtension. All other LEAs will see 0 records for the SharedServiceArrangementExtension.

IV. Review Level 1 Errors

[District Administration](#) > [Inquiry](#) > [TSDS Level 1 Errors](#)

If the records were not 100% successful, review the level 1 errors and make the necessary corrections.

A list of domains and entities is displayed along with the number of errors associated.

<input checked="" type="checkbox"/>	Finance	Prior Year Actuals Extension	2
<input type="checkbox"/>	Finance	Budget Extension	9
<input type="checkbox"/>	Finance	Payroll Extension	82

Select next to the domains (rows) to be included in the report. If multiple domains are selected, the report prints in dependency order (Domain > Entity), which is the same order used in the Ed-Fi error log.

Click **Print**. The report is displayed with the error details as reported by TEA. The report includes key details for each entity within the domain; however, some endpoints may or may not be populated depending on the error.
