Early Reading Indicator

This screenshot shows a dialog box titled 'Early Reading Indicator' with a search bar and a list of options. The background shows the 'Early Reading Indicator' table from the previous screenshot, with the 'Begin Date' field set to 08-12-2024.

The dialog box contains:

- A search input field.
- A table with the following data:

Code	Desc
1	Eligible for Accelerated Reading Instruction
2	Not Eligible for Accelerated Reading Instruction
3	Student was not assessed
- A 'Cancel' button at the bottom.

The **Early Reading Indicator** indicates if the student is eligible for accelerated reading instruction due to reading difficulties or dyslexia. This field applies only to grade levels KG-2 and is required for those students.

NOTE: Grade level reading status is based on the latest assessment results available.

Truancy Indicators

Excessive Unexcused Absence: Campus: 001 Date: 04-01-2025

Truancy Prevention Measure: Campus: Date: --

Truancy Complaint Filed: Campus: Date: --

For each student with an **Excessive Unexcused Absence** indicator, check **Truancy Prevention Measure** and/or **Truancy Complaint Filed** if applicable. To prevent getting a grade level error in the batch manager, verify there are no missing fields or invalid dates.

NOTE: This utility can be run as often as needed. Each student will be marked for the first occurrence of 10 or more unexcused absences. This information will not be deleted when the utility is run again unless unexcused absences were removed and the student no longer has 10 unexcused absences. It is advisable to run the utility at the end of each cycle and at the end of the school year.
