Accounts - DA3000

District Administration > Maintenance > User Profiles > Accounts

This tab is used to establish a record for users with the accounts to which they are authorized to access. Users can have different user accounts for each different application they are authorized to access. Users cannot be created but only added to the user accounts. A new user must exist on the Human Resources > Maintenance > Staff Demo page before being displayed in the User Directory.

View or modify user accounts:

Retrieve User	<p>Click to retrieve a user.</p> <p>Click  to select a user and click Retrieve User. By default, this drop down only displays "employed" users.</p> <p>Notes:</p> <p>The drop-down list is sorted alphabetically by last name and then first name.</p> <p>All users who are set up on the Personnel > Staff Demo page and have been previously added to the Maintenance > User Profiles page are displayed in the drop down.</p>	OR	Lookup User <p>Click to lookup a user.</p> <p>Click to search for an employee in the User Directory. The User Directory is displayed.</p> <p>To search for a specific user, type data in the desired search fields.</p> <ul style="list-style-type: none"> • First Name • Last Name • Employee Number <p>Select one of the following employee statuses to narrow your search:</p> <ul style="list-style-type: none"> • Employed • Not Employed <p>Click Retrieve. A list of users that match the search criteria is displayed. The following information is retrieved:</p> <ul style="list-style-type: none"> • Employee Nbr • Last Name • First Name • Employed <p>Select an employee number. The directory is closed and the page is populated with the selected user record. Otherwise, click Cancel to close the directory.</p>
----------------------	---	----	--
