Add crosswalks

Finance > Tables > TSDS Crosswalks

Map financial data from the LEA's set of accounts to TEA's Chart of Accounts for both the current and previous file IDs.

- Verify the TSDS crosswalks are correct.
- Verify that there are not crosswalks for the automatic crosswalks processed by ASCENDER.
- Review the **Automatic Crosswalks** section on the Finance TSDS Crosswalk Tables page.

- If a crosswalk is created on this page, it will be used and applied throughout the TSDS reporting process.
- Automatic crosswalks are applied AFTER crosswalks created on this page are applied.

As an example, a one-campus LEA that budgets and books expenditure records to campuses 101 and 001 should establish a crosswalk to move expenditures from Organization code 101 to Organization code 001.

TIP: When performing a crosswalk, note that it transfers all items from the old to the new. For example, if using 060 Actual – Fund to Fund and you move Fund 255 to 211, all line items from Fund 255 will be moved to Fund 211, not just a specific line item.
