Select Funds

The Funds lookup is used to search for and select a fund.

Select a fund:

- The funds are listed in ascending order.
- To search for a specific fund, begin typing the fund or description in the **Search** field. The list is automatically filtered to display the funds that contain the characters that you have typed.
- When you locate the funds to be included, select the fund. The fund code is automatically populated in the **Fund** field.
- Click **Cancel** to close the lookup without selecting a fund.
