Non-Employee - DA3100

District Administration > Maintenance > Non-Employee

This page is used to establish non-employee records that can be added, retrieved, updated, and deleted.

Note: District employees cannot be accessed on this page.

Add a new non-employee record:

<p>Retrieve a non-employee record.</p>	<p>Employee Nbr or Name</p>	<p>Begin typing all or part of the desired employee number or name. As you begin typing the data, a drop-down list displays the employee numbers and names that match the data that you typed. Select the desired employee record, and click Retrieve.</p>	<p style="text-align: center;">OR</p>	<p>Directory</p> <p>Click to display the Non-Employee Directory. Type data in the desired search fields, and click Search. A list of data that matches the search criteria is displayed. Select an employee number item from the list. Otherwise, click Cancel.</p>
---	------------------------------------	---	---------------------------------------	--

Click **Add** to add a non-employee record.

Notes:

If **Auto Assign Employee Number** is selected on the Payroll > Tables > District HR Options, new non-employee numbers are automatically assigned upon saving the record. If the field is not selected, you must manually enter the new non-employee number.

A non-employee cannot have the same social security number and Texas unique staff ID as an active employee.

A non-employee can have the same Social Security number and Texas unique staff ID as an inactive employee; however, a warning message is displayed.

If the **Set Demo Alpha Fields to Uppercase** field is selected on the [Payroll > Tables > District HR Options](#) page, the employee's name (**First**, **Middle**, and **Last**) are set to uppercase when a new record is created or an existing record is updated.

Field	Description
Title	Click  to select a legal title for the non-employee.

Field	Description
First	Type the non-employee's first name. The field can be a maximum of 50 characters; however, the search, directory, and reports only display 17 characters and truncate the remaining characters.
Middle	Type the non-employee's middle name. The field can be a maximum of 50 characters; however, the search, directory, and reports only display 14 characters and truncate the remaining characters.
Last	Type the non-employee's last name. The field can be a maximum of 50 characters; however, the search, directory, and reports only display 25 characters and truncate the remaining characters.
Generation	Click <input type="button" value="v"/> to select a generation code for the non-employee.
Work E-mail	Type the non-employee's work e-mail address.
Job Code	Type the four-digit job code to which the non-employee is assigned, or click <input type="button" value="v"/> to select a job code from the list in the Job Code Search window.
Highly Qualified	Select to indicate that the teacher is highly qualified.

Under **Local Use**:

Local Use 1	Type the applicable local use code. The field can be a maximum of ten characters.
Local Use 2	Type the applicable local use code. The field can be a maximum of ten characters.

Under **Instructional Staff** (optional):

Notes:

When entering a non-employee record for an instructional staff member, the **SSN**, **Date of Birth**, and **Sex** fields must be populated in order for the staff member's data to be correctly displayed in the **Staff ID** field in the Student System.

If the **First** and **Last** name, **Sex**, **Date of Birth**, and **SSN** fields are populated, and at least one **Race** is selected, the non-employee instructional staff member is included in the Utilities > Texas Unique Staff ID Interface process in Personnel.

SSN	Type the nine-digit social security number.
Sex	Click <input type="button" value="v"/> to select the gender of the non-employee.
Date of Birth	Type the non-employee date of birth in the MMDDYYYY format.
