District Administration > Tables > District Information > Fall Finance TSDS Data

This tab is used to retrieve and edit Fall TSDS financial data, allowing for corrections to Budget and Payroll data in the TSDS staging tables. The staging area temporarily holds data before it is promoted to the Operational Data Store (ODS).

The data on this tab reflects data from the Fall extracts after crosswalks and automatic crosswalks have been applied and data is summarized in the acceptable TEA format (e.g. 6119 = 6100). As a result, all account code elements are not available.

Notes:

- Finance accounting period 10 must be closed.
- Data cannot be duplicated. Duplicated data will receive an error upon submission.
- Enter data carefully on this tab. Incorrect or improperly formatted data may cause errors upon submission.
