**District Administration > Tables > PMIS > Action Reason**

This page is used to create and maintain a list of action reason codes to be used throughout the Position Management Information System (PMIS). An action reason code is required when any change in compensation (CIC) is processed. Codes 01-05 are automatically generated and cannot be changed or deleted.

Action reason codes for termination transactions can be cross-referenced with the termination reason codes on the [Human Resources > Tables > Job / Contract > Termination Reason](#) tab. Be sure to consider LEA-required data and statistics when creating the action reason codes.
