# Supervisor Guide: Manage Leave Data and Requests & Set Temporary Approvers

This guide provides a step-by-step process for supervisors managing online leave requests in EmployeePortal.

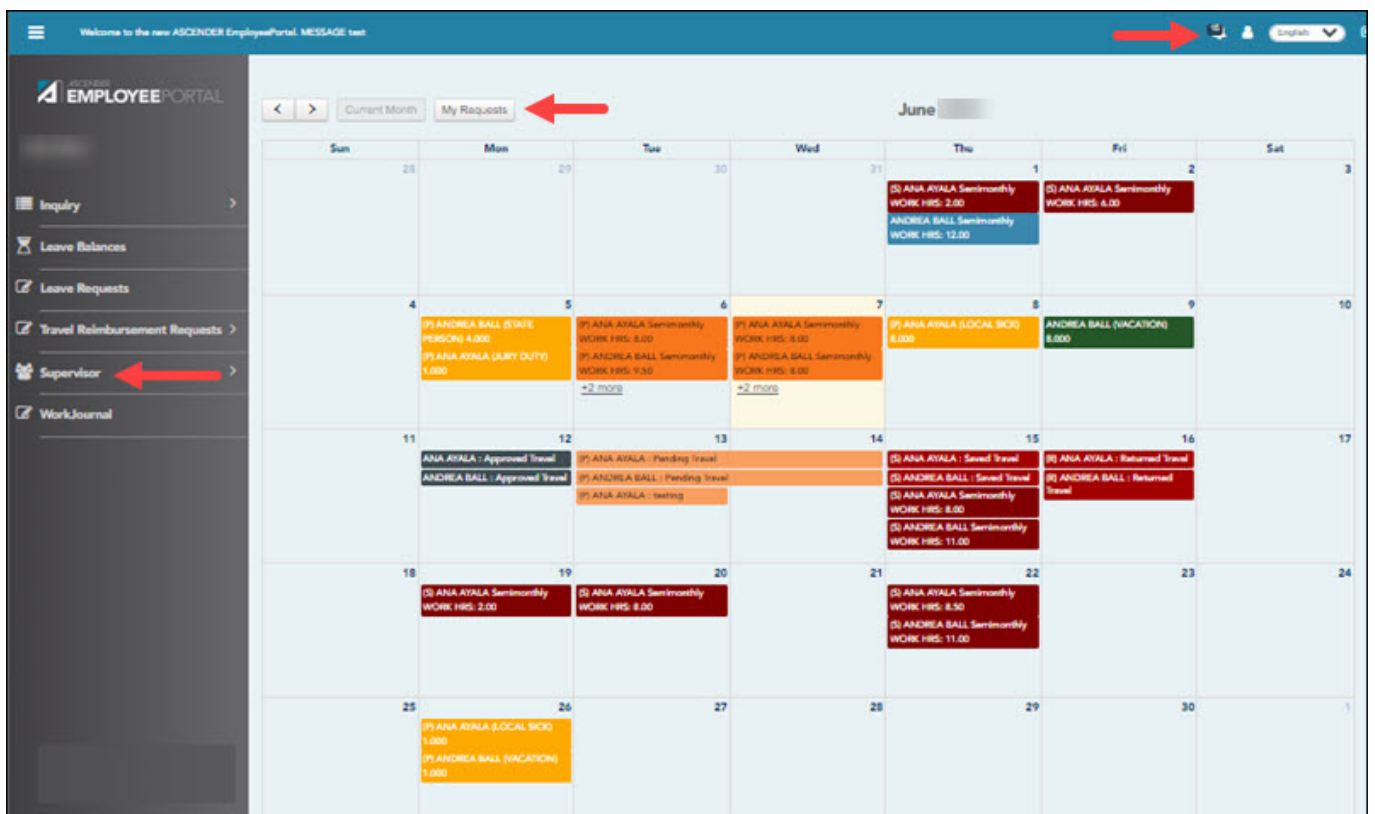

## Before You Begin

Review the [ASCENDER EmployeePortal Navigation](#) page to familiarize yourself with the portal layout.

Review the [Employee Guide: Login, Data Inquiries, Self Service, & Leave Requests](#) for information about logging on to EmployeePortal.

After logging on to EmployeePortal with supervisor access, you will see an additional Supervisor menu on the left side of the page.

 **TIP:** If you have any new notifications such as a new leave request pending your approval, you will see the number of pending notifications in the top-right corner of the page. In addition, you will receive an email message for each leave request that is ready for your approval.

The Supervisor menu allows you to perform the following tasks:

- View pending leave requests.
  - View available leave balances for your direct report employees and any employees who report to them.
  - Approve or disapprove leave requests for your direct report employees and any employees who report to them.
  - Submit leave requests for your direct report employees and any employees who report to them.
  - Set temporary approvers for yourself, your direct report supervisors, and any supervisors who report to your direct report supervisors.
- 

## I. Manage Leave Requests

### 1. [View and approve leave requests.](#)

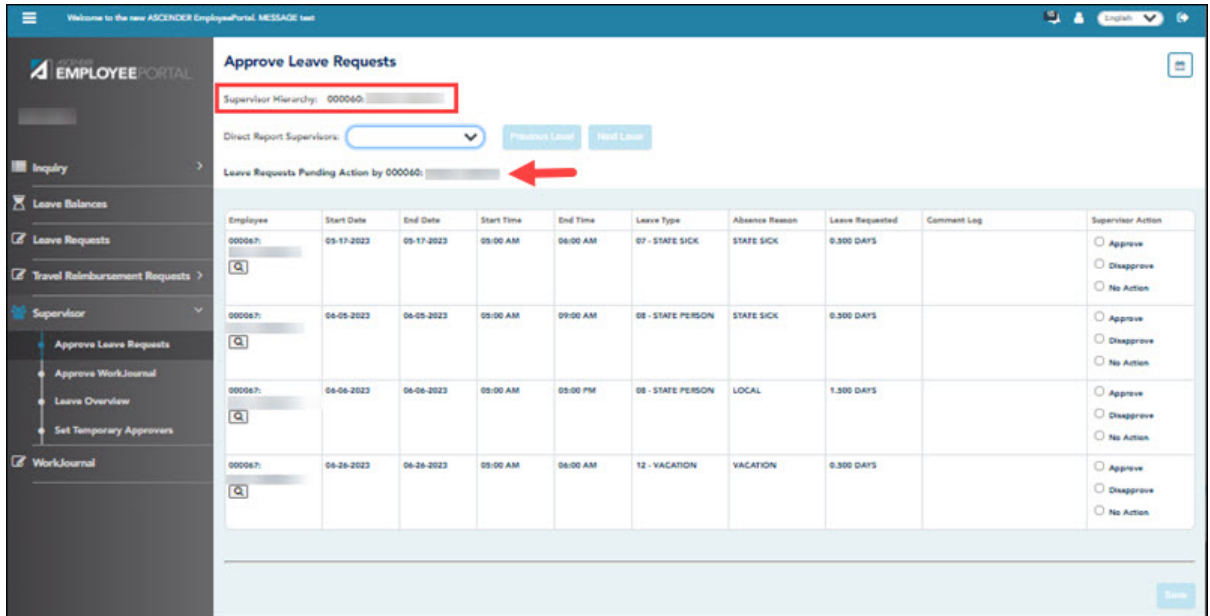

[EmployeePortal](#) > [Supervisor](#) > [Approve Leave Requests](#)

This page is used to approve or disapprove employee leave requests. Additionally, you can review and take action on any leave requests that are submitted to your direct report employees who are supervisors.

If a direct report employee submits a leave request, an email message is automatically sent to the email address listed on your demographic record prompting you to take action on the leave request. Or, if a direct report employee deletes a leave request that has already been approved, you will receive an email message to notify you of this change. Therefore, it is important that all approvers in the approval path have an email address listed on their demographic record in Personnel. Additionally, you will receive a message notification in the top-right corner of the page.
