EmployeePortal > Supervisor > Approve Leave Requests

This page is used to approve or disapprove employee leave requests. Additionally, you can review and take action on any leave requests that are submitted to your direct report employees who are supervisors.

If a direct report employee submits a leave request, an email message is automatically sent to the email address listed on your demographic record prompting you to take action on the leave request. Or, if a direct report employee deletes a leave request that has already been approved, you will receive an email message to notify you of this change. Therefore, it is important that all approvers in the approval path have an email address listed on their demographic record in Personnel. Additionally, you will receive a message notification in the top-right corner of the page.

1. View leave requests.

When you access the Approve Leave Requests page, your name is displayed in the **Supervisor Hierarchy** field and a list of leave requests pending your action is displayed if any.

The Comment Log text box is enabled if **Approve** or **Disapprove** is selected. Type any comments related to the leave request.

- If you approve the leave request, a comment is not required.
- If you disapprove the leave request, a comment is required. This comment is included in the email message that is sent to the employee notifying them of the action taken.

Click **Save**. If you are the final approver, an email message is sent to the employee notifying them of the action (approved/disapproved) taken on the request.

- If the request is approved or disapproved, the request is no longer displayed in the list of pending leave requests.

- If no action is taken, the request remains in the list of pending leave requests.

**Admin Note:** The payroll department will use the Utilities > Import Online Leave Requests page in the ASCENDER Payroll application to import the leave request(s) from EmployeePortal and create a leave transmittal to be processed by payroll. After a leave transmittal has been created in Payroll, the employee can no longer edit or delete the leave request.
