Helpful Tips

The following documentation will assist you in using ASCENDER.

Create a Book of Help Pages - The wikiHelp book option allows you to create a book of multiple pages, which you can then download and/or print. For example, these steps can be used to print all Help pages for an application or to create a customized book containing pages you need for a training.

ASCENDER EmployeePortal Navigation - The ASCENDER EmployeePortal page lists suggested methods for navigating the EmployeePortal.

ASCENDER
EMPLOYEE
PORTAL
ASCENDER GUIDES
ASCENDER.
