Cafeteria Import 1

Cafeteria Import

Use this record layout to import cafeteria data into ASCENDER. The import file is a comma-delimited text file.

NOTE: Each field has a fixed length, except the name fields. The name fields are truncated, so no additional spaces are needed.

Description	Length	Notes
Record ID	6	CAFIMP
County/District/Campus	9	
Student ID	6	
Date of Birth	8	YYYYMMDD
Student Last Name	25	
Student First Name	17
