Charter School Waitlist Import 1

Charter School Waitlist Import

Use this record layout to import cafeteria data into ASCENDER. The import file is a comma-delimited text file.

NOTE: Each field has a fixed length, except the name fields. The name fields are truncated, so no additional spaces are needed.

| Description | Length | Notes |
|------------------------------|--------|-----------------------------------|
| Record ID | 6 | CAFIMP |
| County/District/Campus | 9 | |
| Student ID | 6 | |
| Date of Birth | 8 | YYYYMMDD |
| Student Last Name | 25 | |
| Student First Name | 17 | |
| Student Middle Initial | 1 | Add a space if no middle initial. |
| Economic Disadvantage Status | 2 | |

Example: CAFIMP,030902041,003018,20041010,LOPEZ,MICHAEL,L,00
