ParentPortal Admin: New Student Enrollment, Online Registration, & Data Updates

Campus: Review & Accept Data Changes

These steps are completed in TxEIS Registration.

Once a parent has a valid ParentPortal ID for an enrolled student, the parent can add a student to his ASCENDER ParentPortal account and access the student's attendance, grades, and more. If the district has enabled parents to update a student's registration data, a parent can complete annual online registration for the upcoming school year, as well as submit changes to his student's current year data from ParentPortal, such as address and telephone number changes.

As parents update data for their students, campus staff must review and approve each change.

The parent can also review, complete, and submit forms via ParentPortal. As parents review and submit forms from ParentPortal, the campus staff can monitor the status and identify students who are missing required forms.

Follow these steps to monitor and approve data changes, and identify students who are missing forms.
