ASCENDER ParentPortal Admin > Forms Management > Form Creator

Once a form is created, it can be edited, archived, and deleted.

Only static and dynamic forms can be modified or deleted. Default forms cannot be deleted, and only some fields can be updated (TRUE?).

Edit a form:

☐ Under **Active Forms**:

- Hover over the new or existing dynamic form and click the edit icon.

The form details open in the **Edit Form** section (right side) where you can edit details as described previously.

☐ Click **Save**.

Archive a form:

Archiving allows you to retain a form that may still be needed for reporting purposes but is no longer used for data collection. An archived form is no longer available to parents, but it is still accessible to administrators and grouped with other archived forms. A form can be un-archived at any time.

Form Creator

The screenshot shows the 'Form Creator' interface. On the left is a sidebar with a list of forms under 'Active Forms' and 'Archived Forms'. Under 'Dynamic Forms', there are several entries: 'Contacts' (Fields: 40), 'New Student Address' (Fields: 16), 'New Student Contacts' (Fields: 40), 'New Student Enrollment' (Fields: 59), and 'Registration' (Fields: 25). The 'Supply list' form is highlighted in the sidebar, and a red circle with an edit icon is around it. A red arrow points from this icon to the 'Edit Form' section on the right. The 'Edit Form' section has a title 'Edit Form' and a 'Copy Form' button. Below this, there are fields for 'Form Name' (Supply list), 'Campus' (a dropdown menu with two options: '001 - (001 001 School PK-12)' and '004 - (004 004 School 06-12)'), 'Form Instructions' (Download the form and purchase all supplies on list please.), 'Visible' (radio buttons for Yes and No, with Yes selected), 'Archived' (a yellow button with a checkmark), and 'Static Document' (School_Supply_List.pdf). A 'Save' button is at the bottom right.

□ Under **Active Forms**:
