# Form Editor

**txConnect Admin > Administrator Options > Settings > Forms Management > Forms (then click spyglass icon )**

This page allows you to change settings for a selected form, such as adding the fields to the form, assigning a “friendly” name, and determining the order in which the fields are displayed. This page can only be accessed by selecting a form from the Form Management page.

## Edit a form:

1. From the Forms Management page, select Forms from the menu. The Form Management page is displayed.
2. Under **Available Forms**, click  under **Options** for the form you want to manage.

Below are instructions for **New Student Enrollment Forms** and **All Other Dynamic Forms**, as well as **Static Forms** (scroll down). Standard forms cannot be edited or deleted.

## New Student Enrollment Forms

*New Student* forms are dynamic forms used specifically for the new student enrollment process. Several *New Student* forms are included automatically and already have columns (i.e., fields) added.

- New Student Address
- New Student Contacts
- New Student Enrollment

These forms cannot be deleted or renamed; however, you can modify some of the default settings for each form column.

To edit a *New Student* form, click  under **Options**.

## Available Forms ( [show archived](#) )

Options	Form Name	Type	Campus	Editable	Columns
	Ethnicity and Race Data Questionnaire	standard		True	6
	Falsification of Documents & Identity Verification	standard		True	0
	FERPA and Directory Information Notice	standard		True	0
	Food Allergy Disclosure	standard		True	4
	History of School Attendance - Secondary	standard		True	8
	Home Language Survey	standard		True	3
	Migrant Education Program - Family Survey	standard		True	21
	Military Connected Student Data	standard		True	1
	New Student Address	dynamic		False	16
	New Student Contacts	dynamic		False	39
	New Student Enrollment	dynamic		False	59

The form opens on the [Form Editor](#) page where you can make changes.

### Form Editor

Edit the form by adding and positioning fields.

When using fields with an asterisk (\*) you can only use other fields which exist within the same table. The system will auto filter the fields.

The **Name**, **Campus**, **Editable**, and **Visible** fields display the default information and cannot be changed. Also, these forms cannot be archived.

<b>Current Language Context</b>	Select the language of the form you are editing.
<b>Special Instructions or information for this form</b>	Type any specific instructions for the form, up to 2000 characters, in the selected language.

You cannot add columns to a *New Student* form; the **Add** button is disabled. However, you can modify the following settings for existing columns:

<b>Friendly Name</b>	The default friendly name is displayed. If you selected <i>Spanish</i> for <b>Current Language Context</b> , the default friendly names are Spanish. Modify the name as needed, up to 50 characters.
<b>Order</b>	Indicate the order in which you want the fields to be displayed on the form. For example, type 1 if you want to field to be displayed at the top of the form.

<b>Field Set</b>	<p>Use this column to group related fields together in the form. For example, you could type "Mailing Address" for all fields that are related to the student's mailing address.</p> <p>The fields that you want to physically group together should also be together as indicated by the <b>Order</b> field. The fields with the same <b>Field Set</b> are grouped together in a box, but only if they are adjacent in the order. The box is drawn around one or more sequential fields that have a <b>Field Set</b> specified.</p> <p>The field set should be typed in the language selected in <b>Current Language Context</b>. If a Spanish field set name is not provided, the English field set name will be displayed even if the parent is viewing txConnect in Spanish.</p>
<b>Vis</b>	Select if you want the field to be visible to parents on the form. Clear the check box if you do not want the field visible to parents. For example, you can hide the four-digit zip code extension. The setting of this field overrides all other visibility settings.
<b>Edit</b>	<p>Select to allow parents to update data in this field from the form.</p> <ul style="list-style-type: none"> <li>• If selected, the form field will be editable, but only if the field is also set to <b>Updateable=true</b> on the <a href="#">Form Field Management</a> page.</li> <li>• If <i>not</i> selected, this will override the other setting, and the form field will not be editable.</li> <li>• This setting does not apply to <i>New Student</i> forms.</li> </ul>
<b>Req</b>	Select if the field is required of the parents. If this field is selected, be sure <b>Edit</b> is also selected.
<b>Instructions</b>	<p>Click the button to view any existing default instructions and add additional instructions for the field. A pop-up window opens.</p>  <p>Click <b>Close</b>.</p>

Click **Save**.

Click **< Forms** to return to the Form Management page.

## All Other Dynamic Forms:

Only static and dynamic forms can be modified or deleted. Default forms cannot be deleted, and only

some fields can be updated.

On the Form Editor page:

<b>Current Language Context</b>	Select the language of the form you are editing.
<b>Name</b>	<p>The form name is displayed as entered in the previous step. Modify the field if necessary.</p> <p>The name should be typed in the language selected in <b>Current Language Context</b>. If a Spanish name is not provided, the English name will be displayed even if the parent is viewing txConnect in Spanish.</p>
<b>Campus</b>	<p>The campus is displayed as entered in the previous step. Modify the field if necessary.</p> <ul style="list-style-type: none"> <li>• Select a campus if the form is specific to one campus.</li> <li>• Select <i>None - District</i> if the form is for all campuses in the district.</li> </ul>
<b>Editable</b>	<ul style="list-style-type: none"> <li>• Yes - The fields on the form will be editable.</li> <li>• No - The fields on the form will not be editable.</li> </ul>
<b>Visible</b>	The setting entered on the previous page is displayed, indicating if the form is visible to parents in txConnect. Modify the setting if necessary.
<b>Archived</b>	<ul style="list-style-type: none"> <li>• Yes - Archive the form, which allows you to retain forms that may still be needed for reporting purposes but are no longer used for data collection. An archived form is still accessible to administrators, but is grouped with other archived forms for organizational purposes.</li> <li>• No - Do not archive the form.</li> </ul> <p>Archived forms are <i>not</i> visible to parents in txConnect.</p> <p>New Student Enrollment forms cannot be archived.</p>
<b>Special Instructions or information for this form</b>	The text box displays any text entered on the previous page. Modify the text if necessary, up to 2000 characters.

#### Form Fields

##### Field Name

Select the table-field you want to add to the form. The drop down lists all possible fields, including the field name, sequence number (if applicable), and table name.

Once you select a table-field, all subsequent fields that you add to the form must come from the same type of table (either vertical with multiple records, or single record). The drop-down list in the subsequent rows will filter out the tables that can no longer be selected based on the selection in the first row.

- A hyphen indicates a flat (single-record) table.
- An asterisk indicates a vertical (multi-record) table.

For vertical table, some fields are mandatory, and they will automatically be added to the form

even if you do not select them.

#### Mandatory fields:

Table	Mandatory Fields
SR_PARENT	NAME_L NAME_F NAME_M
SR_HLTH_MED_COND	MED_COND_CD
SR_STU_RESTRICT	STU_RESTRICT_CD STU_RESTRICT_CATEG_CD (iTCCS only)
SR_DEMO	PAR1_NAME_L PAR1_NAME_F PAR1_NAME_M PAR2_NAME_L PAR2_NAME_F PAR2_NAME_M
SR_DEMO_CONTACT	NAME_L NAME_F NAME_M SEQ_NBR (iTCCS only)

#### Form field edits:

The following fields will have edits when used on a dynamic form:

- If a column has a DATA\_TYP of STATE in DR\_ORD\_OPT\_TYP, the entry will appear as a drop-down list with all of the US states, territories, and insular areas spelled out. When one is selected, the standard two-character postal abbreviation is stored in the table.
- If a column has a DATA\_TYP of NUMERIC in DR\_ORD\_OPT\_TYP, the data entered by the user is checked to ensure that there are no invalid characters. It allows either all numbers or spaces. No alpha or special characters are allowed.
- If a column has a DATA\_TYP of DATE in DR\_ORD\_OPT\_TYP, the data is masked to force the format MM/DD/YYYY and checked to verify that it is a valid date. For example, 02/31/1995 is not a valid date, even though it is numeric and in the correct format.
- For a DATA\_TYP of AREACODE, the data is masked to force the format ###.
- For a DATA\_TYP of PHONENUM, the data is masked to force the format ###-####.
- For a DATA\_TYP of ZIP5, the data is masked to force the format #####.
- For a DATA\_TYP of ZIP4, the data is masked to force the format #####.
- For a DATA\_TYP of SSN, the data is masked to force the format ###-##-####.

- In any cases where there are special characters in the display mask on the page, the characters are removed before saving to the SR\_ORD table. Also, the date is reformatted to the format YYYYMMDD before saving.
- For a DATA\_TYP of EMAIL, the data is checked to ensure that it fits a standard email format. It must have at least one character before an “@” symbol, at least one character between the “@” and the final period, and at least two characters after the final period. For example, the smallest email address that would be considered valid is a@b.cd. There can be multiple periods in the address (e.g., first.last@email.net).
- If a column has an HTML\_TYP of DROPDOWN and includes the name of a lookup table, lookup ID, and value fields, the drop down is populated from that table.
- If a column has an HTML\_TYP of RADIO\_YN, it displays as ☐ Y ☐ N.
- If a column has an HTML\_TYP of TEXT, and a FLD\_LEN is given, the text entered into the field is limited to the number of characters specified in FLD\_LEN.

<b>Friendly Name</b>	The default friendly name is displayed. If you selected <i>Spanish</i> for <b>Current Language Context</b> , the default friendly names are Spanish. Modify the name as needed, up to 50 characters.
<b>Order</b>	Indicate the order in which you want the fields to be displayed on the form. For example, type 1 if you want to field to be displayed at the top of the form.
<b>Field Set</b>	<p>Use this column to group related fields together in the form. For example, you could type “Mailing Address” for all fields that are related to the student’s mailing address.</p> <p>The fields that you want to physically group together should also be together as indicated by the <b>Order</b> field. The fields with the same <b>Field Set</b> are grouped together in a box, but only if they are adjacent in the order. The box is drawn around one or more sequential fields that have a <b>Field Set</b> specified.</p> <p>The field set should be typed in the language selected in <b>Current Language Context</b>. If a Spanish field set name is not provided, the English field set name will be displayed even if the parent is viewing txConnect in Spanish.</p>
<b>Vis</b>	Select if you want the field to be visible to parents on the form. Clear the check box if you do not want the field visible to parents. For example, you can hide the four-digit zip code extension. The setting of this field overrides all other visibility settings.
<b>Edit</b>	<p>Select to allow parents to update data in this field from the form.</p> <ul style="list-style-type: none"> <li>• If selected, the form field will be editable, but only if the field is also set to <b>Updateable=true</b> on the <a href="#">Form Field Management</a> page.</li> <li>• If <i>not</i> selected, this will override the other setting, and the form field will not be editable.</li> <li>• This setting does not apply to <i>New Student</i> forms.</li> </ul>
<b>Req</b>	Select if the field is required of the parents. If this field is selected, be sure <b>Edit</b> is also selected.
<b>Bold</b>	Select if you want the field to be displayed in a bold font.
<b>Italics</b>	Select if you want the field to be displayed in an italic font.

**Color** Click the box to select a color for the field text, if you prefer a color other than black. A pop-up window opens that provides seven color choices, as well as the option for no color (i.e., black).

Click a color to select it, and the window closes.

**Bg Color** Click the box to select a background color for the field. A pop-up window opens that provides seven background color choices, as well as the option for no color.

Click a color to select it, and the window closes.

The form is automatically shaded with an alternating (light/dark) gray background when displayed for parents in txConnect. If you do not select a color, or if you select **No Color**, the background will be gray.

## Instructions

Click the button to view any existing default instructions and add additional instructions for the field. A pop-up window opens.

<b>Default Instructions</b>	Any instructions entered on the <a href="#">Form Field Management</a> page are displayed. They cannot be changed here.
<b>Field Instructions</b>	Add or update any additional instructions for the field. These instructions will be appended to the <b>Default Instructions</b> when the parent accesses the form in txConnect.
<b>Bold</b>	Select if you want the instructions to be displayed in a bold font. This selection will apply to all text typed in the <b>Field Instructions</b> area.
<b>Italics</b>	Select if you want the instructions to be displayed in an italic font. This selection will apply to all text typed in the <b>Field Instructions</b> area.
