Form Management

txConnect Admin > Administrator Options > Settings > Forms Management > Forms

This page allows you to create new forms, as well as delete and edit existing forms. Two types of forms can be created:

- **Static forms** can be created using the static documents you have already uploaded.
- **Dynamic forms** can be created using the fields you selected in previous steps.

Standard forms are predefined district-level forms that are common throughout Texas. The forms are included automatically and cannot be edited.

A form must be added to a group (or to the [Online Registration template](#)) in order to be accessible to parents. You will [add the form to a group](#) or to the [Online Registration template](#) in a subsequent step.

Available Forms (right)	<p>Any existing forms are listed, including those that are added automatically.</p> <p>Initially, only standard forms and “New Student” forms are included. These are included automatically and cannot be removed.</p> <p>The grid displays the form name, type of form (i.e., standard, static, or dynamic), and the campus with which the form is associated (if applicable). If Campus is blank, the form is associated with all campuses in the district.</p>

Note the standard forms:

Several standard forms are included automatically. The **Type** is set to standard. Standard forms cannot be modified or deleted; the spyglass  and delete  icons are not available.

Create a new form:

CREATE A NEW FORM USING A STATIC DOCUMENT:

If you uploaded any static documents, you must create a form with each document in order to make it accessible to parents.

NOTE: To create a Spanish version of a static form, you will need to set the **Current Language Context** for the form to *Spanish*. This will be done in a subsequent step using the Form Editor page once the static form is created.

To create a static form, do the following under **New Form**:
