Admin - Form Field Management

ASCENDER ParentPortal Admin > Forms Management > Form Field Management

This page is only available to users who log on to ASCENDER ParentPortal with a district- or campus-level security administrator user name.

This page allows you to set options for the fields that will be used for New Student Enrollment, Returning Student Registration, and Student Data Maintenance forms. Examples of fields are first name, last name, middle name, and birth date.

The list of **Available Fields** is added automatically. For each field, you indicate if the field is visible and add any instructions. By default, all fields are visible and no action is required; however you can hide a field globally and/or add default instructions as needed.

Some districts allow you to select document storage (DOCSTOR_) fields which allow parents to upload supporting registration forms (immunization record, birth certificate, etc.).

NOTE: On this page you will set options for the fields. You will add the fields to a form in a subsequent step.
