

ASCENDER GUIDES

admin_forms_group_public_body

Table of Contents

This page allows district-level users to create a group of forms that a parent can access without having a ParentPortal account, such as calendars, school supply lists, etc. The parent will be able to access these documents without logging on.

Only static forms can be added to these groups. If at least one static form has been added to this group, the parent can click the ***District Name Documents*** link on the ParentPortal login page to access the documents.

NOTE: A static form must already be created for each uploaded document before it can be added to a group.

Public Documents

The screenshot displays the 'Public Documents' interface. On the left, there is a sidebar with a '+ Add Group' button and a list of 'Existing Groups' containing 'Calendars' and 'Enrollment'. The 'Calendars' group is selected, and a pop-up window titled 'Edit Group' is open. This window contains a 'Language' dropdown set to 'English', a 'Group Name' field with 'Calendars', and an 'Instructions' text area. Below these fields is an 'Add Form' button and a '...Select' dropdown. At the bottom, there is a table with columns 'Action', 'Name', 'Instructions', and 'Type', which currently shows 'No data'.
