All months for the selected semester are displayed.

If your student was not present for the entire class for any period of the day, the day is shaded on the calendar according to the legend.

**NOTE:** If your student had multiple types of absences on the same date (such as a tardy and an unexcused absence), the date will be shaded according to the most severe absence type. For example, "Unexcused Absence" is the most severe (red), and "School Related" is the least severe (blue).

- Click or tap the date to view details for that date.

The detailed date view opens in place of the month.

For each period your student was absent or tardy, the attendance code and description are displayed and color coded according to severity of the absence. The period is only listed if your

student was marked absent or tardy for that period.

Click [X] to close the detail view.

The full month is again displayed.
