ASCENDER ParentPortal Admin > Form Group Creators > Public Documents

This page is only available to users who log on to ASCENDER ParentPortal with a district-level administrator account.

This page allows district-level users to create a group of forms that a parent can access without having a ParentPortal account, such as calendars, school supply lists, etc. The parent will be able to access these documents without logging on.

Only static forms can be added to these groups. If at least one static form has been added to this group, the parent can click the **District Name Documents** link on the ParentPortal login page to access the documents.

NOTE: A static form must already be created for each uploaded document before it can be added to a group.
