## District Administration > Options > Login

❑ Added this page to maintain the following ASCENDER user login preferences: Invalid Password Attempts, Lockout (in minutes), and Password Expiration (in days).

These user login preferences apply to all ASCENDER Enterprise applications and the following portals: EmployeePortal, ParentPortal, StudentPortal, and TeacherPortal.

**Note:** This functionality was removed from ASCENDER DBA Assistant.

The screenshot shows a web application interface. At the top is a green header bar with a home icon, the text 'Options > Login', a dropdown arrow, the text 'District Administration', and a grid icon. Below the header is a white bar containing two buttons: 'Save' and 'Retrieve'. The main content area has a light blue background. On the left, there is a white box titled 'Login Preferences' in green. Inside this box are three labels with corresponding input fields: 'Invalid Password Attempts:', 'Lockout (in minutes):', and 'Password Expiration (in days):'. Each label is followed by a small, empty rectangular input field.

## District Administration > Tables > District Logos

❑ Added this page to upload LEA logos to be used in EmployeePortal, ParentPortal, StudentPortal, and TeacherPortal. In addition, users can upload a separate logo to be used only in CareerPortal.

**Note:** The functionality to upload a district logo in ParentPortal and TeacherPortal was removed in the 5.0.0000 Release. If the logo needs to be updated, place it directly on the server at TCC\TxEIS\Pictures\CCCCDD\dist\_picture\dist\_picture (with the applicable filename extension).

Once your LEA has transitioned to ASCENDER, you can upload the logo in District Administration.
