ASCENDER Release 6

ASCENDER 6.1300

Release Date: 8/30/22 **ASCENDER Update:** 6.1300

District Administration > Maintenance > Non-Employee

Added the **TSDS Staff Type** field to indicate whether an individual is on the district payroll, is a contracted professional staff person (instructional and non-instructional), or is a teacher employed at an in-district charter campus by an organization that has been granted a campus charter. This field automatically defaults to *3 - Contracted Professional Staff* for non-employee records.

The **TSDS Staff Type** options are based on the TSDS staff type database table for the selected **School Year for PEIMS Codes** on the Payroll > Tables > District HR Options page. The following options are available:

- *3 - Contracted Professional Staff*
- *4 - In-District Charter Prtnr Campus Teacher* - This option is only available if the **School Year for PEIMS Codes** field is set to 2023.

Note: Although the **TSDS Staff Type** field is not available for viewing or editing purposes in Personnel, the database column automatically defaults to *1 - School District Employee* for all employee records created in Personnel.
