TSDS Change Log 2026.1.1 Update: Shared Services Arrangement

TSDS Change Log 2026.1.1 added a new table/data element, PriorYearSSAOrgAssociationExt (C049A), to allow for the reporting of Prior Year SSA Type. This new table will be reported during the PEIMS Mid-Year (Actuals) Submission. The existing table/data element, SSAOrgAssociationExt (C049), will continue to be reported in the PEIMS Fall Submission. The following updates were made to support this change:

- Added new tab, District Administration > Tables > District Information > Prior Shared Services Arrangement, to report prior year SSA financial reporting during the PEIMS Mid-Year Submission.

The screenshot shows a software application window titled 'District Administration'. The top navigation bar includes 'Tables > District Information' and a 'District Administration' dropdown. Below the navigation are buttons for 'Year' (with a dropdown menu), 'Retrieve', and 'Save'. The main content area is divided into two sections: 'Prior Shared Services Arrangements' and 'Shared Services Arrangement Member Amounts'. Each section has a table with columns: 'Delete', 'Shared Services Type', 'Fiscal Agent District ID', and 'SSA Actuals' (or 'Fund', 'Fiscal Year', and 'Amount' for the second table). Both tables show 'No Rows'.

- Updated the existing District Administration > Tables > District Information > Shared Services Arrangement tab to only display Shared Services Arrangements as this is the only information reported during the PEIMS Fall Submission.
