ASCENDER 11.0400

ASCENDER 11.0400

Release Date:12/04/25 **ASCENDER Update**: 11.0400

District Administration > Maintenance > Non-Employee

Corrected the program to properly handle end date updates to the **TSDS Days Employed Set** during the scheduled 6pm Employment Days processing when the option to **Extract for TSDS** is selected for terminated employees or non-employees with ended contracts:

- If the record being updated has no changes to the **Percent Day Employed** or **TSDS # Days Employed**, only the **End Date** will be updated will be with the computer date. A new record will not be inserted.
- If changes are made to the **Percent Day Employed** or **TSDS # Days Employed**, the **End Date** on the original record is updated, a new record is inserted (begin/end dates are computer dates), and the new **Percent Day Employed** and **TSDS # Days Employed** is populated. (difference from before end date is now also populated because termed emp).

Note: These changes are also effective for the Personnel > Maintenance > Employment Info tab.

District Administration > Inquiry > TSDS Level 1 Errors

☐ **EXCHANGE CLIENTS ONLY**: Added the *Student Grade* domain to the TSDS Level 1 Errors Report.

TSDS Updates

StudentEducationOrganizationAssociation Entity Update

☐ Updated the program to add the *FullTimeHybridVirtualProgramParticipationSet* Common Type to the StudentEducationOrganizationAssociation Entity.

The *FullTimeHybridVirtualProgramParticipationSet* Common Type includes the set of data elements to indicate the type (hybrid or virtual) of program participation for a student under TEC §30B.001(2) and (4).

FullTimeHybridVirtualProgramParticipation (E3134) indicates the type (hybrid or virtual) of program participation for a student.

Staff Extract

❏ Corrected the issue that caused orphan Paraprofessional Certification and TIA Allotment records. Also, corrected -6 errors and duplicate staff record issues in the staging table that prevented staff records from being extracted and caused "Staff not found" errors for staff members with multiple Paraprofessional Certification or TIA Allotment entries.

Fatal: 30040-0057

❏ Corrected the issue that prevented the staging table from capturing PK Teacher Requirement changes made to the Personnel > Maintenance > Staff Demo > Credentials tab in ASCENDER.
