

ASCENDER 6.1000

Release Date: ASCENDER Update: 6.1000

District Administration > Workflow > Approval Path

- Corrected the issue that prevented the **Duplicate From Existing** option from functioning.

District Administration > Workflow > Approval Rules

- Removed *Grants and Projects* from the **From** and **To Workflow Type** drop downs in the Duplicate pop-up window as it is not applicable.

District Administration > Utilities > Assign Travel Accounts

- Added a report to preview travel account code changes. The default sort is by campus and then dept (if available).

District Administration > Reports > DA00100 - End User License Agreement Report

- Added this report to provide a list of users with their EULA acceptance status and the acceptance date (if applicable) by application (ASCENDER, CareerPortal, EmployeePortal, MemberPortal, and TeacherPortal).
