ASCENDER 8.0100

Release Date: 9/9/23 **ASCENDER Update:** 8.0100

District Administration > Utilities > Annual Student Data Rollover

Updated the program to add Child Care Operation Number tables to the Annual Student Data Rollover (ASDR) process.

Corrected an issue with the program that caused the utility to stop running and give the user an *Execute fail* message.

Corrected an error when performing the **EXECUTE** step that caused the utility to stop and give the user an unexplained error message.

District Administration > Tables > LEA News

Added this page to allow LEA personnel to add and manage important news, announcements, or upcoming events, and display them on the ASCENDER Homepage Quick View dashboard. Each news entry includes a start and end date, a summary (topic), and a description. Additionally, if needed, entries can be limited to a specific audience based on their permission to an application and breadcrumb (menu item).

The screenshot shows the ASCENDER District Administration interface. The top navigation bar includes a home icon, the text "Tables > LEA News", and "District Administration" with a grid icon. The left sidebar lists various modules, with "LEA News" highlighted. The main content area features "Add" and "Save" buttons, a "Quick View Title" field containing "LEA News", and a table with the following data:

Delete	Sel	Start Date	End Date	Summary
		08-01-2023	08-16-2023	First Day
		08-01-2023	08-16-2023	More News Coming

Below the table are navigation controls: "First", left arrow, "1" in a dropdown, "/ 1", right arrow, and "Last".

This screenshot displays two main sections. The "ASCENDER News" section contains a list of news items, including "Annual Student Data Rollover Survey" and "Finance August". The "Approval Summary" section shows "# Pending" as 0, "ID/Freq" as 0, and "Approval Type" as "No pending approvals". Below these is a "LEA News" section with a black arrow pointing to the "LEA News" header. The "LEA News" section contains two items: "First Day" with the text "The first day information is here!" and "More News Coming" with the text "Here is some more great news!".

□ Corrected the issue that caused the ASDR extract to fail when a student has multiple records for the IGC Program (State Reporting > Options *Local Program for IGC Reporting*) on Registration > Maintenance > Student Enrollment Local Programs.
