

ASCENDER 8.0400

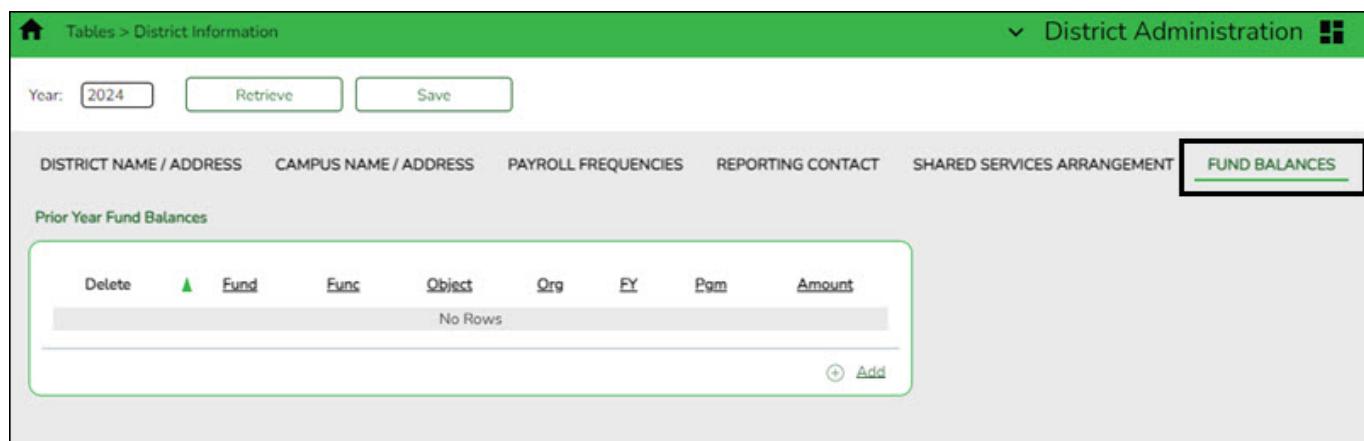

Release Date: ASCENDER Update: 8.0400

District Administration > Tables > District Information > Fund Balances

Added this new tab to manually enter prior year ending fund balances (3XXX) as reflected on schedule C-1 of the audit to be used for the ActualExtension complex type during TSDS Mid-Year reporting.

IMPORTANT:

- Pilot LEAs will use this tab to manually enter prior year fund balances (3XXX).
- Non-pilot LEAs will continue to handle prior year fund balances (3XXX) in State Reporting.

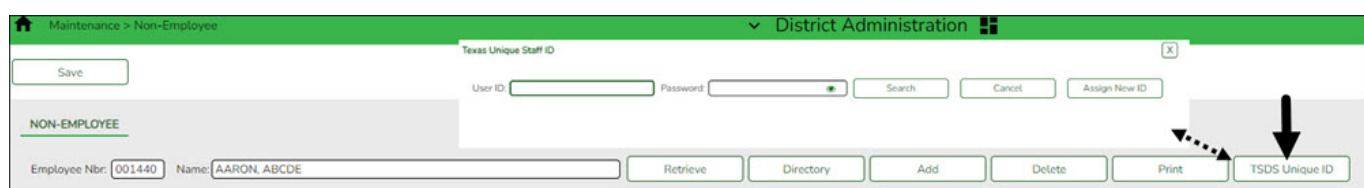

The screenshot shows a web-based application interface for managing district information. At the top, there's a navigation bar with a home icon, the text 'Tables > District Information', and a dropdown menu 'District Administration'. Below the navigation is a form with a 'Year' dropdown set to '2024', and 'Retrieve' and 'Save' buttons. The main content area is titled 'Prior Year Fund Balances' and contains a table with the following columns: Delete, Fund, Func, Object, Org, FY, Pgm, and Amount. A green box highlights the 'FUND BALANCES' tab in the top right of the content area. The table currently displays 'No Rows'. At the bottom of the table area is a green 'Add' button with a '+' icon.

District Administration > Maintenance > Non-Employee

Added the **TSDS Unique ID** button. This functionality works in conjunction with the Texas Student Data System (TSDS). TSDS uses web services for Unique ID and for the Data Transmission Utility (DTU) allowing ASCENDER to interact directly with their Unique ID application to assign Unique IDs.

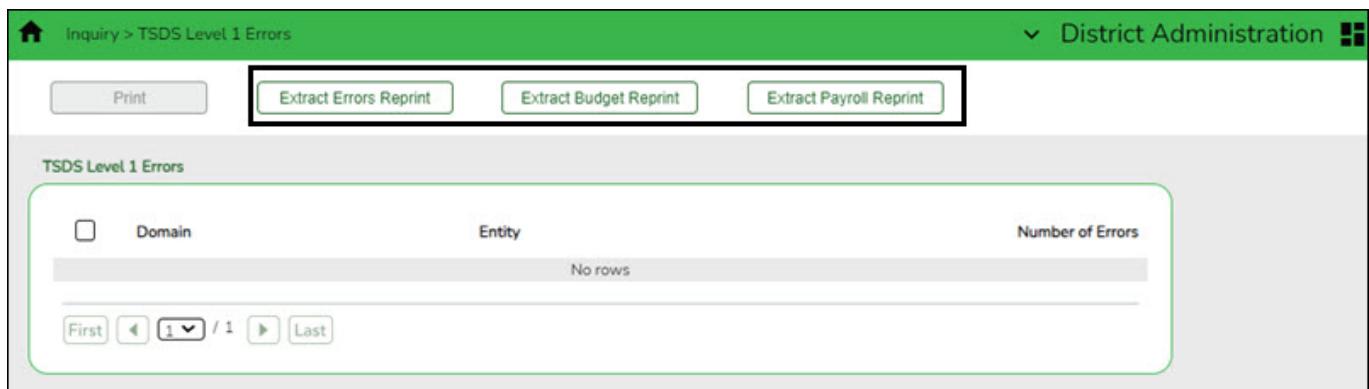

Before the **TSDS Unique ID** button can be used in ASCENDER, the LEA's designated TEAL user must obtain web service access.

The screenshot shows a web-based application interface for managing non-employee data. At the top, there's a navigation bar with a home icon, the text 'Maintenance > Non-Employee', and a dropdown menu 'District Administration'. Below the navigation is a form with a 'Save' button. The main content area is titled 'NON-EMPLOYEE' and contains fields for 'Employee Nbr' (001440) and 'Name' (AARON, ABCDE). Below these fields are buttons for 'Retrieve', 'Directory', 'Add', 'Delete', 'Print', and 'TSDS Unique ID'. A green box highlights the 'TSDS Unique ID' button. Two arrows point from the text 'Before the TSDS Unique ID button can be used in ASCENDER, the LEA's designated TEAL user must obtain web service access.' to this button.

District Administration > Inquiry > TSDS Level 1 Errors

□ Added the following three buttons to allow the reprint of the extract reports from the last instance of TSDS Processing. These reports are not resent to the TSDS email distribution lists.

The screenshot shows a web-based application interface for 'Inquiry > TSDS Level 1 Errors'. At the top, there is a green header bar with the title 'Inquiry > TSDS Level 1 Errors' and a 'District Administration' dropdown menu. Below the header, there are four buttons: 'Print', 'Extract Errors Reprint' (which is highlighted with a black border), 'Extract Budget Reprint', and 'Extract Payroll Reprint'. The main content area is titled 'TSDS Level 1 Errors' and contains a table with three columns: 'Domain', 'Entity', and 'Number of Errors'. A message 'No rows' is displayed below the table. At the bottom of the table area, there are navigation buttons for 'First', 'Previous', 'Next', 'Last', and a dropdown menu showing the value '1'.

- **Extract Errors Reprint** - Reprints the TSDS Extract Errors report.
- **Extract Budget Reprint** - Reprints the TSDS Budget Data Extract report.
- **Extract Payroll Reprint** - Reprints the TSDS Payroll Extract report.
