District Administration > Options > TSDS > Domains & Entities

Added this tab to extract Texas Student Data System (TSDS) data and send it to Texas Education Agency (TEA) for Ed-Fi processing. Users can select and save domains and entities, view the status of extracted data, and initiate on-demand data submissions.

The screenshot displays the 'Options > TSDS' interface. At the top, there is a navigation bar with 'Options > TSDS' on the left and 'District Administration' on the right. Below the navigation bar, there is a 'Submission Year' dropdown set to '2025' and four buttons: 'Retrieve', 'Save', 'Extract & Send', and 'Reset'. The main content area is titled 'DOMAINS & ENTITIES' and is divided into several sections:

- Send Status:** Contains a 'Send Status' button and explanatory text: 'The Send Status button will display the number of records extracted and percentage successful for each entity. This can be used as a measure in the decision to continue adding entities to the extract and send process.
