

# ASCENDER 8.1200

**Release Date: ASCENDER Update: 8.1200**

## District Administration > Options > TSDS > Domains & Entities

- Added this tab to extract Texas Student Data System (TSDS) data and send it to Texas Education Agency (TEA) for Ed-Fi processing. Users can select and save domains and entities, view the status of extracted data, and initiate on-demand data submissions.

**Send Status**  
 The Send Status button will display the number of records extracted and percentage successful for each entity. This can be used as a measure in the decision to continue adding entities to the extract and send process.  
 Incomplete or low success percentage entities will likely lead to errors for dependent endpoints. A dependency diagram can be found in Help.

## District Administration > Maintenance > Non-Employee

Added the **Prior Teaching Years** field to report the total number of years an individual has previously held a teaching position in one or more educational institutions. For TSDS purposes, this information must be reported for Contracted Teachers.

The screenshot shows a software interface for maintaining non-employee records. At the top, there is a green header bar with the text 'Maintenance > Non-Employee' and 'District Administration'. Below the header, there is a 'Save' button. The main form area contains fields for Employee Nbr (001440), Name (with Title, First, Middle, Last, and Generation dropdowns), Work E-mail, Job Code (9999 - UNDEFINED), and Highly Qualified (checkbox). On the left, there is a 'Local Use' section with fields for 1 and 2. On the right, there is an 'Instructional Staff' section with fields for SSN, TX Unique Staff ID, Sex, TSDS Staff Type, Date of Birth, Races (Hispanic, American Indian, Asian, Black, Pacific Islander, White checkboxes), Days Employed, Begin Date, End Date, Total Years, District Years, Percent of Day (0%), and Highest Degree. The 'Prior Teaching Years' field is highlighted with a black border.

## District Administration > Inquiry > TSDS Level 1 Errors

Updated the domain for studentEdOrgAssociationLoadStep in EDFI\_ERROR\_LOG\_TABLE\_LIST to be **Student Identification and Demographics**.

Updated the error listing to sort and group by School Year to assist in identifying information.

Updated the extract to exclude the EducationOrganization > LocalEducationAgency entity from being reported for Education Service Centers (databases with a %950 district ID).
