ASCENDER 8.1200

ASCENDER 8.1200

Release Date: **ASCENDER Update**: 8.1200

District Administration > Tables > District Information > District Name/Address & Campus Name/Address

❏ Corrected the issue where the program incorrectly generated invalid school year records upon creation. For example, attempting to add a record with a school year of *2025* would result in an erroneous record with the school year '*202*.

District Administration > Options > TSDS > Domains & Entities

❏ Added this tab to extract Texas Student Data System (TSDS) data and send it to Texas Education Agency (TEA) for Ed-Fi processing. Users can select and save domains and entities, view the status of extracted data, and initiate on-demand data submissions.

District Administration > Maintenance > Non-Employee

☐ Added the **Prior Teaching Years** field to report the total number of years an individual has previously held a teaching position in one or more educational institutions. For TSDS purposes, this information must be reported for Contracted Teachers.

District Administration > Inquiry > TSDS Level 1 Errors

❏ Updated the domain for studentEdOrgAssociationLoadStep in EDFI_ERROR_LOG_TABLE_LIST to be **Student Identification and Demographics**.

❏ Updated the error listing to sort and group by School Year to assist in identifying information.

❏ Updated the extract to exclude the EducationOrganization > LocalEducationAgency entity from being reported for Education Service Centers (databases with a %950 district ID).
