# ASCENDER 9.0200

**Release Date:** 10/23/24 **ASCENDER Update:** 9.0200

## District Administration > TSDS Extract Emails

Modified the program to not generate or email the Budget and Payroll extract files/PDFs if the new **Extract TSDS** database column is set to 0. This pauses emails for Budget and Payroll until after the Fiscal Year Close process is done for the current year. If the **Extract TSDS** database column is set to 1, 2 or 3, the Budget and Payroll extracts/PDFs will be generated and emailed as usual.

---

## District Administration > Options > TSDS > Domains & Entities

- Updated the page to not allow an entity to be deselected after processing.
  - Updated the page to provide a message once the *Extract & Send* process has started.
- 

## TSDS Level 1 Errors

- Corrected the issue that caused clients to receive “400 Bad Request” errors when attempting to send Delete Records for calendar dates that had not been previously sent to the API.
- Corrected the issue that caused LEAs to receive Fatal Error 41163-0034 in TSDS for LEAOfRDSPService 000000 in the StudentSpecialEducationProgramAssociation Entity.
- Updated the TSDS extract to no longer attempt to delete records that have not been sent to TSDS.

## TSDS Changes

- Modified the StudentLanguageInstructionProgramAssociation entity with the following changes:
  - Deleted common type LanguageInstructionProgramService
  - Added common type LangInstruProgramSvcSet

Modified the StudentCTEProgramAssociation entity with the following changes:

- Deleted common type CTEProgramService
- Added common type CTEProgSvcSet

Modified the Section.SectionSet entity with the following changes:

- Deleted common type GradeLevel
- Added common type SPEDStudentAgeRange
