Release Date: 11/22/24 **ASCENDER Update**: 9.0310

TSDS Level 1 Errors

❏ Corrected the issue that caused LEAs to receive the following error: 400 BAD_REQUEST{ "message": "Validation of 'StaffEducationOrganizationAssignmentAssociation' failed. Validation of 'AggregateExtensions' failed. Validation of'StaffEducationOrganizationAssignmentAssociationStaffServiceSets (TX)' failed.StaffEducationOrganizationAssignmentAssociationStaffServiceSet[0]: SPEDStudentAgeRangeDescriptorId is required. ", "correlationId": "9616e1bc-98b0-4fdf-a1b3-04cad1896e0d"

Known Issues

Service Center Entity
❏ Corrected the issue that caused the program to extract and create a second District ID record rather than replace the existing record.

404 Errors
❏ Corrected the issue that caused users to sometimes receive *404 Errors* from the ODS.

StudentEducationOrganizationAssociation.Address
❏ Corrected the issue that caused the program to create a new record rather than updating the existing record when a user makes a change to the physical address fields on *Registration > Maintenance > Student Enrollment > Demo1*.

StudentEducationOrganizationAssociation.Language
❏ Corrected the issue that caused the program to create a new record rather than updating the existing record when a user makes a change to the **Home Language** or **Student Language** fields on *Registration > Maintenance > Student Enrollment > Bil/ESL*.

PriorYearLeaverStudentParentAssociation
❏ Corrected the issue that caused the required *Contact Priority* to be blank on the Prior Year Leaver

entity.
