ASCENDER 9.0410

ASCENDER 9.0410

Release Date: 1/7/25 **ASCENDER Update:** 9.0410

District Administration > Maintenance > Non-Employee

- Corrected the issue where begin and end dates were not saved upon creating a new record. These dates are now correctly saved when a record is added or updated.
- Modified the program to require the **Begin Date** and **End Date** fields for all records. This allows contracted staff to be tracked annually for TSDS reporting.
- Added the **Extract for TSDS** checkbox to the **Instructional Staff** section. This option will create an entry in the staging table for each non-employee who has a termination date when selected. Additionally, this option was added to the associated Non-Employee Report.

The screenshot displays the 'Maintenance > Non-Employee' web application interface. At the top, there is a 'Save' button and a breadcrumb trail: 'Maintenance > Non-Employee' and 'District Administration'. Below this, there are tabs for 'NON-EMPLOYEE' and 'TSDS'. The main form area contains the following fields and sections:

- Employee Information:** Employee Nbr: 018952, Name: AARON, ABCDE. Buttons: Retrieve, Directory, Add, Delete, Print.

District Administration > Maintenance > Non-Employee > TSDS

Added this tab to create and maintain TSDS/Responsibility records for non-employees. The information on this tab is only extracted for non-employees who have an assigned **TX Unique Staff ID** on the Non-Employee tab.

The screenshot shows the 'Maintenance > Non-Employee' interface. At the top, there is a 'Save' button. Below it, there are two tabs: 'NON-EMPLOYEE' and 'TSDS'. The 'TSDS' tab is selected. Under the tabs, there are input fields for 'Employee Nbr: 018952' and 'Name: AARON, ABCDE', followed by 'Retrieve' and 'Directory' buttons. Below this, there are two data tables:

Percent Day Employed	TSDS # Days Employed	Begin Date	End Date
No Rows			

Delete	Details	Year	Campus	Staff Classification
No Rows				

District Administration > Inquiry > TSDS Level 1 Errors

Modified the staging tables to extract actuals for classes 3XXX, 5XXX, and 7XXX objects by multiplying the amounts by -1. Note that this change will result in negative amounts for these classes if their current balances are positive. This corrects TSDS Mid-Year Finance fatal errors caused by the mentioned objects reporting negative amounts.

Corrected the issue that prevented fund balance totals from being included on the TSDS Prior Year Actuals report (**Extract Prior Year Reprint**). This corrects TSDS Mid-Year fatal error 20032-0007.

TSDS Updates

Class Roster Winter

Modified the **Session** and **Section** end dates to be the next instructional day after the attendance semester/cycle ends.

StudentCharacteristic and StudentCharacteristic > Period

Updated the way *StudentCharacteristic* and *StudentCharacteristic > Period* are reported so multiple Begin and End Dates for the characteristic can be reported under *StudentCharacteristic > Period*.
