ASCENDER 9.0415

Release Date: ASCENDER Update: 9.0415

District Administration > Tables > District Information > Fall Finance TSDS Data

Modified the program to restrict editing of **Account Code** fields for Budget and Payroll records that have been submitted to TEA. After TEA submission and assignment of an ODS ID, the **Account Code** fields will become read-only.

District Administration > Maintenance > Non-Employee

Corrected TSDS extracts to automatically include non-employees who are under active contract, provided they have valid data (**Begin Date, End Date, TX Unique Staff ID, Race, Days Employed, and Percent of Day**). This eliminates the requirement of selecting the **Extract for TSDS** checkbox for these individuals.

Modified the program to only require the **TSDS Staff Type** field to be populated if the **TX Unique Staff ID** field is populated.

District Administration > Maintenance > Non-Employee > TSDS

Corrected the program to only allow valid characters (selected from the ellipsis) to be saved in the **Staff Service** field.
